

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Whenever a corporation shall incur a penalty or forfeiture for the violation of any ordinance, the same shall be sued for in one of the actions aforesaid.

HOW ACTION BROUGHT.

SEC. 3. Such action shall be brought in the name of the city, and shall be commenced by summons. The form, time of return, and service thereof, the pleadings, and all the proceedings in the cause shall, except as otherwise provided herein, conform to and be the same, as nearly as may be, as in like actions provided by law for the recovery of penalties for violations of the laws of the State. Upon the rendition of judgment against the defendant, execution shall issue forthwith, and except when against a corporation, shall require, if sufficient goods and chattels cannot be found to satisfy the same, that the defendant be committed to prison, there to remain for a period not exceeding ninety days, unless such execution be sooner paid, or he be discharged by due course of law; but imprisonment without payment shall not operate as a satisfaction of the judgment, nor shall costs be allowed to the defendant in any such action. Prosecutions for violations of the ordinances of the city may also, in all cases, except against corporations, be commenced by warrant for the arrest of the offender.

SEC. 4. SEC. 5. Every such judgment shall be executed by virtue of an execution or warrant, specifying the particulars of the

If judgment be for both fine and imprisonment, a warrant shall issue immediately for the commitment of the defendant until the expiration of the term mentioned in the sentence, and an execution shall issue at the same time against the goods and chattels of the defendant for the collection of the fine or forfeiture imposed; but in neither case above mentioned shall the imprisonment without payment operate as a satisfaction of the fine and costs imposed. In cases where a fine and imprisonment in default of payment thereof, or where imprisonment alone is imposed, a warrant of commitment shall issue accordingly, in the former case, until the expiration of the sentence, unless the fine and costs be sooner paid, and in the latter, for the term named in the sentence.

USE OF THE COUNTY JAIL.

SEC. 6. The city shall be allowed the use of the county jail for the confinement of all persons liable to imprisonment under the ordinances thereof, or under any of the provisions of this act, and any person so liable to imprisonment may be sentenced to, and committed to imprisonment, in such county jail or in the city prison, or other place of confinement provided by the city, or authorized by law, and the sheriff or other keeper of such jail, or other place of confinement or imprisonment, shall receive and safely keep any person committed thereto as aforesaid, until lawfully discharged.

It shall be a sufficient statement of the cause of action in any such complaint or warrant, to set forth substantially, and with reasonable certainty as to time and place, the act or offense complained of, and to allege the same to be in violation of an ordinance of the city, referring thereto by its title

and the date of its passage or approval, and every court or magistrate having authority to hear or determine the cause shall take judicial notice of the enactment, existence and provisions of the ordinances of the city, and the resolutions of the council and of the authority of the city to enact the same.

And in all cases where the city shall incur any expenses for drainage, filling, cleansing or purifying any lot, place or premises, or for removing any unsafe building or structure, or for removing or abating any nuisance found upon any such lot or premises, the council may, in addition to all other remedies provided for the recovery of such expense, charge the same, or such part thereof, as they shall deem proper, upon the lot or premises upon or on account of which such expense was incurred, or from which such nuisance was removed or abated, and cause the same to be assessed upon such lot or premises and collected as a special assessment.

LOCATION OF OFFENSIVE TRADES.

SEC. 5. The council, when they shall deem it necessary, may from time to time assign, by ordinance, certain places within the city, for the exercising of any trade or employment offensive to the inhabitants or dangerous to the public health; and may forbid the exercise thereof in places not so assigned and may change or revoke such assignments at pleasure; and whenever a business, carried on in any place so assigned, or in any other place in the city, shall become hurtful and dangerous to the health of the neighborhood, the council may prohibit the further exercise of such business or employment at such place.

When the council shall deem it for the public interest, grounds and buildings for city prisons, workhouses and other necessary public uses, may be purchased, erected and maintained beyond the corporate limits of the city; and in such cases the council shall have authority to enforce, beyond the city limits, and over such lands, buildings and property, in the same manner and to the same extent as if they were situated within the city, all such ordinances and police regulations as may be necessary for the care and protection thereof, and for management and control of the persons kept or confined in such prison, workhouses or hospitals.

TO VACATE AND PROTECT PARKS.

SEC. 3. The council shall have authority to lay out, establish and enlarge, or vacate and discontinue public grounds and parks within the city, and to improve, light and ornament the same and to regulate the care thereof and to protect the same and the appurtenances thereof from obstructions, encroachments and injury, and from all nuisances.

CHAPTER XVII.

SEWERS, DRAINS AND WATER COURSES.

CONSTRUCTION OF.

SECTION 1. The council may establish, construct and maintain, whenever and wherever necessary, and of such

dimensions and materials and under such regulations as they may deem proper for the drainage of the city; and private property, or the use thereof, may be taken therefor in the manner prescribed in this act for taking such private property for public use. But in all cases where the council shall deem it practicable, such sewers and drains shall be constructed in the public streets and grounds.

COMMITTEE ON SEWERS TO HAVE CONTROL.

SEC. 2. The committee on sewers shall have the management, supervision and control of the sewers, sewerage system and drainage of the city, and the charge of their construction, subject to the general direction and approval of the council as herein provided, and the council may by ordinance prescribe the powers and duties of said committee relating to all matters connected with sewers, sewerage system and drainage of the city.

COUNCIL TO INSTRUCT THE COMMITTEES.

SEC. 3. Whenever it may become necessary, in the opinion of the council, to provide sewerage and drainage for the city or for any part thereof, it shall be their duty to instruct and direct the committee on sewers to devise, or cause a plan of such sewerage or drainage to be devised for the whole city, or for such part thereof as they shall determine.

PLAN TO BE FORMED.

SEC. 4. Such plan shall, in the discretion of the committee on sewers, be formed with a view to the division of the city into main sewer districts, each to include one or more main or principal sewers, with the necessary branches and connections; the districts to be numbered or named and so arranged as to be as nearly independent of each other as may be. Plans and diagrams of such plan, when completed, shall be submitted to the council, and when adopted by the council shall be filed in the office of the city clerk.

MAIN SEWER DISTRICTS MAY BE DIVIDED.

SEC. 5. Main sewer districts may be divided into special sewer districts in such manner that each special district shall include one or more lateral or branch sewers connecting with a main sewer, and such lands as in the opinion of the committee on sewers, subject to the approval of the council, will be benefited by the construction thereof. When deemed necessary, special sewer districts, to include one or more local or branch sewers, and such land as in the opinion of the committee on sewers, subject to the approval of the council, will be benefited by the construction thereof, may be formed of territory not included in any main sewer district.

MAIN TRUNK SEWER.

SEC. 6. The council may, however, provide for main or trunk sewers without reference to sewer districts, and may direct the committee on sewers to prepare diagrams, or plats thereof, which, when approved by the council, shall be recorded in the office of the city clerk, in a book of sewer records.

SEC. 7. The cost and expense of establishing and making any main or trunk sewers, constructed without reference to sewer districts, shall be paid from the general contingent or sewer fund, excepting such portion thereof as the council shall deem to be of benefit to adjacent private property, which property shall be described and the benefits thereto determined, assessed and taxed in the same manner as hereinafter provided. Such part as the council shall determine, of the cost and expense of any main district sewer, or of the cost of any lateral sewer, branch or local sewer constructed within a special sewer district, shall be paid from the general contingent or sewer fund, and the remainder of such costs and expenses shall be defrayed by special assessment upon all the taxable lands and premises included within the main or special sewer district, as the case may be, in proportion to the estimated benefits, accruing to each parcel respectively from the construction of the sewer. Assessments according to benefits, as aforesaid shall be made without reference to any improvements or buildings upon the lands.

DIAGRAM OF SEWER.

SEC. 8. Before proceeding to the construction of any sewer, the council shall cause the committee on sewers to prepare, or cause to be prepared a diagram and plat of the whole sewer district, showing all the streets, public grounds, lands, lots and subdivisions thereof in the district, and the proposed route and location of the sewer; and the depth, grade and dimensions thereof, and shall procure an estimate of the costs thereof, and thereupon the council shall give notice, by publication, for at least two weeks, in one or more of the newspapers of the city, of the intention to construct such sewer, and where said diagram and plat may be found for examination, and of the time when the committee and the council will meet and consider any suggestions and objections that may be made by parties interested with respect to such sewer.

COUNCIL TO DETERMINE BY RESOLUTION.

SEC. 9. When the council shall determine to construct any such sewer, they shall so declare by resolution designating the district and describing by reference to the plat and diagram thereof, mentioned in the preceding section, the route and location, grade and dimensions of the sewer, and shall determine in the same resolution what part of the estimated expenses of the sewer shall be paid from the general contingent or sewer fund, and what part shall be defrayed by special assessment according to benefits; and they shall cause such plat and diagram, as adopted, to be recorded in the office of the city clerk, in a book of sewer records.

SUPERVISOR TO MAKE SPECIAL ASSESSMENTS.

SEC. 10. Special assessments for the construction of sewers shall be made by the supervisor in whose assessing district the sewer district shall be, in the manner provided in this act for making special assessments.

OWNERS OF A MAJORITY OF LAND MAY PETITION.

SEC. 11. When the owner or owners of a majority of the lands liable to taxation in any sewer district or part of the city which may be constituted a sewer district, shall petition for the construction of a sewer therein, the council shall construct a district sewer in such location, and if the lands included in the line of such proposed sewer are not within any sewer district, a district shall be formed for that purpose. In other cases sewers shall be constructed in the discretion of the council.

COUNCIL MAY CONSTRUCT PRIVATE DRAINS, ETC.

SEC. 12. Whenever the council shall deem it necessary for the public health, they may require the owners or occupants of lots and premises to construct private drains or sewers therefrom to connect with some public sewer or drain, and thereby to drain such lots and premises, and to keep such private drains or sewers in repair and free from obstruction and nuisance; and if such private drains or sewers are not constructed and maintained according to such requirement, the council may cause the work to be done at the expense of the owner or occupant, and the amount of such expense shall be a lien upon the premises drained, and may be collected by special assessment to be levied thereon in the manner herein-after provided for the levying and collecting of special assessments.

CONNECTION OF PRIVATE WITH PUBLIC SEWERS.

SEC. 13. The owners and occupants of lots and premises shall have the right to connect the same, at their own expense, by means of private drains or sewers, with the public drains and sewers, under such rules and regulations as the council shall prescribe.

EXPENSES OF IMPROVEMENTS; HOW PAID.

SEC. 14. Such part of the expense of providing ditches and improving water courses, as the council shall determine, may be defrayed by special assessment upon the lands and premises benefited thereby, in proportion to such benefits.

EXPENSES OF REPAIRING; HOW PAID.

SEC. 15. The expense of repairing public sewers, ditches and water courses may be paid from the general contingent or sewer fund. The expenses of reconstructing public sewers shall be defrayed in the manner herein provided for paying the expenses of the construction thereof.

PROTECTION OF SEWERS.

SEC. 16. The council may enact such ordinances as may be necessary for the protection and control of the public drains and sewers, and to carry into effect the powers herein conferred in respect to drainage of the city.

CHAPTER XVIII.**STREETS AND PUBLIC GROUNDS.****COUNCIL TO HAVE CONTROL OF.**

SECTION 1. The council shall have supervision and control of all public highways, bridges, streets, avenues, alleys, sidewalks and public grounds within the city, and shall cause the same to be kept in repair, and free from nuisance. The city shall not be liable in damages sustained by any person in the city either to his person or property by reason of any defective street, sidewalk, crosswalk, or public highway, or by reason of any obstruction, ice, snow or other incumbrance upon such street, sidewalk, crosswalk or public highway, situated in the city unless such person shall serve, or cause to be served, within sixty days after such injury shall have occurred, a notice in writing upon the clerk or the deputy clerk of such city, which notice shall set forth substantially the time when and the place where such injury took place,

the manner in which it took place or occurred, and the extent of such injury as far as the same has become known, and that the person receiving such injury intends to hold the city liable for such damages as may have been sustained by him. The city shall not be responsible for the care, improvement or repair of any street or alley laid out or dedicated to public use by the proprietors of any lands which had not been actually accepted, worked and used by the public as a street or alley before the re-incorporation of the city under this act, nor for the improvement and repair of any street or alley laid out or dedicated by any such proprietor after such re-incorporation, unless the council by an ordinance or resolution specially passed for that purpose.

OPENING, EXTENDING AND IMPROVING.

SEC. 2. The council shall have authority to lay out, open, widen, extend, straighten, alter, close, vacate or abolish any highway, street or alley in the city, whenever they shall deem the same a public improvement; and if in so doing it shall be necessary to take or use private property, the same may be taken in the manner in this act provided for taking private property for public use. The expense of such improvement may be paid by special assessments upon the property adjacent to or benefited by such improvement, in the manner in this act provided for levying and collecting special assessments; or in the discretion of the council, a portion of such costs and expenses may be paid by special assessment as aforesaid, and the balance from the general street fund.

PROCEDURE TO DISCONTINUE OR VACATE.

SEC. 3. When the council shall deem it advisable to vacate, discontinue or abolish any street, alley or public ground, or any part thereof, they shall by resolution declare, and in the same resolution shall appoint a time, not less than four weeks thereafter, when they will meet and hear objections thereto; notice of such meeting with a copy of such resolution shall be published for not less than two weeks before the time appointed for such meeting, in one of the newspapers of the city. Objections to such proposed action of the council may be filed with the city clerk in writing, and if any such shall be filed, the street, alley or public ground, or any part thereof, shall not be vacated or discontinued, except by a concurring vote of two-thirds of the aldermen elect.

BOOK OF STREET RECORDS.

SEC. 4. The council may cause all public streets, alleys, and public grounds to be surveyed, and may determine and establish the boundaries thereof, and cause the surveys and descriptions thereof to be recorded in the office of the city

clerk, in a book of street records; and they shall cause surveys and descriptions of all streets, alleys and public grounds opened, laid out, altered, extended or accepted and confirmed by the council, to be recorded in like manner; and such record shall be prima facie evidence of the existence of such streets, alleys or public grounds as in the records described. Every resolution or ordinance discontinuing or vacating any street, alley or public ground, shall also be recorded in said book of street records, and the record shall be prima facie evidence of all matters therein set forth.

GRADES; HOW ESTABLISHED.

SEC. 5. The council shall have authority to determine and establish the grades of all streets, avenues, alleys and public grounds within the city, and to require improvements and buildings adjacent to or abutting upon such street, alley or public grounds to be made and constructed in conformity with such grade and upon such line as shall be prescribed by the council; and the council may change or alter the grade of any street, alley or public ground, or of any part thereof, whenever in their opinion the public convenience will be promoted thereby. Whenever a grade shall be established or altered, a record and diagram thereof shall be made in the book of street records in the office of the city clerk.

EXPENSE OF GRADING, ETC., HOW PAID.

SEC. 6. Whenever any street, alley or public ground or highway shall have been graded or pavement shall have been constructed in conformity to grades established by authority of the city, and the expense thereof shall have been assessed upon lots or lands bounded by or abutting upon such street, alley or public highway, the owner or owners of such lots or lands shall not be subject to any special assessment occasioned by any subsequent change of grade in such pavement, street, alley or public highway, unless such change be asked for by a majority of the owners of such lots or lands; but the expense of all improvements occasioned by such change of grade shall be chargeable to and paid by the city.

WHEN GRADES ONCE ESTABLISHED.

SEC. 7. Whenever the grades of any street or sidewalk shall have been heretofore, or shall hereafter be established, and improvement shall thereafter be made by the owner or occupant of the adjacent property in conformity to such grade, such grade shall not be changed without compensation to the owner for all damages to such property resulting therefrom, to be ascertained by a jury as provided in chapter twenty-one of this act, or said damages may be ascertained

and agreed upon by and between the city and the owner or occupant of such premises. Whenever such damages shall be ascertained or agreed upon as heretofore provided, such damages, or such part thereof as the council shall deem equitable and just, shall be paid by the city, or the council may cause such damages, or such part thereof as may be equitable and just, to be assessed upon the real estate which may be benefited by reason of the change of such grade, and whenever the council shall determine to assess such damages, or any part thereof, upon the property benefited, it shall determine and define a district in the city which in its judgment is benefited by the improvement out of which said damages arise, and shall cause the same to be assessed upon such district, which said assessment shall be upon the owners or occupants of the taxable real estate in said district, in proportion as nearly as may be to the advantage or benefit each lot, parcel or subdivision is deemed to acquire by the improvement out of which such damages arise, but the property on account of which such damages were awarded shall not be included in said district. The assessment shall be made, and the amount levied and collected in the same manner as other assessments on a district deemed to be benefited in the grading and improvement of streets, as provided for in this act; and all of the provisions of chapter twenty of this act, relative to special assessments and the collection thereof, shall apply thereto. Such damages, when collected as aforesaid, and when determined upon by said city, shall be paid to the person entitled thereto.

PAVING AND IMPROVEMENTS.

SEC. 8. The council shall have power to grade, pave, plank, gravel, curb and otherwise improve and repair the highways, streets, avenues, lanes and alleys of the city; and for that purpose, and for defraying the expenses thereof, may divide the city into street districts. The term "paving" shall be deemed to include the construction of crosswalks, gutters and curbing. Whenever any paving has been ordered upon any street or public highway in the city, it shall be the duty of any person owning any lot or lots, lands or premises adjoining to, or abutting upon such street, before the same shall be paved, to put in and lay all such sewer, water and gas connections in front of their lands and premises, and carry the same from the pipe in such street to and beyond the curb line of such proposed pavement, as the council shall determine to be necessary for the preservation of such proposed paving, when the same shall be laid and put down, and such connection shall be laid, made and put in in the manner and at the time or times, as shall be directed by the council. In case the owner of such lot or lots, lands or premises shall neglect or refuse to make, lay or put in such connections at the time or in the manner

prescribed by the council, then the council shall cause the same to be made, laid or put in, and the respective owners of such lots, lands or premises shall be liable for the cost thereof, together with ten per cent in addition thereto as a penalty to be recovered by the city in an action of debt or assumpsit, or the costs together with the amount of such penalty for which such persons shall be respectively responsible and liable, the council shall cause to be reported to the supervisors, to be levied and assessed by them as a special tax or assessment upon such lot or lots, lands or premises, in the manner provided for in section four, chapter nineteen of this act, in case of special assessment for rebuilding and keeping in repair sidewalks in the city.

EXPENSES, HOW PAID.

SEC. 9. Such part of the expenses of improving any street, lane or alley, by grading, paving, planking, graveling, curbing or otherwise, and of repairing the same as the council shall determine, may be paid from the general street fund or from the street district fund of the proper street district, or in part from each; or the whole, or such part of the expenses of such improvement as the council shall determine, may be defrayed by special assessments upon lots and premises included in a special assessment district, to be constituted of the lands fronting upon that part of the street or alley so improved or proposed so to be; or constituted of lands fronting upon such improvement, and such other lands as in the opinion of the council may be benefited by the improvement.

PUBLIC BUILDINGS OR GROUNDS INCLUDED. EXPENSES HOW PAID.

SEC. 10. When expenses for any such improvement or repairs shall be assessed in a special assessment district, and there shall be lands belonging to the city fronting upon such improvement, such part of the expense of such improvement as in the opinion of the council would be justly apportionable to such city property and to any interior squares or spaces formed by the intersection of streets, shall be paid from the general street fund, or from the proper street district fund, or partly from each, as the council shall determine to be just, and the balance of such expenses shall be assessed upon the lots and premises included in the special assessment district, in proportion to their number of feet frontage upon such improvement; or if the special assessment district shall include other lands not fronting upon the improvement, then upon all the lands included in such special assessment district, in proportion to the estimated resulting benefits thereto from the improvement. When such assessment is to be made upon lots in proportion to their frontage upon the improvement, if from the shape or size

of any lot an assessment thereon in proportion to its frontage would be unjust and disproportionate to the assessments upon other lots, the council may assess such lot for such number of feet frontage as in their opinion will be just.

OBSTRUCTIONS IN STREET.

SEC. 11. The council shall have the power to prohibit and prevent obstructions and encumbrances in, and encroachments upon the public highways, streets and alleys of the city, and to remove the same, and to punish those who shall obstruct, encumber, encroach or maintain any encroachment upon or in any such highway, street or alley; and to require all such persons to remove every such obstruction, encumbrance and encroachment.

SHADE TREES.

SEC. 12. The council may provide for and regulate the planting of shade and ornamental trees in the public highways, streets and avenues of the city, and for the protection thereof; and may light the public places and streets, and regulate the setting of lamp posts therein, and protect the same.

REMOVAL OF SOIL FROM STREETS.

SEC. 13. The council may regulate the making of all openings in, and removals of the soil of public streets and for the laying or repair of sewers, drains, tunnels, gas pipes, water pipes, or for any other purpose; and may prohibit and prevent all such openings, and removals of the soil, except by express permission of the council, and at such times and upon such terms and regulations as they may prescribe.

COUNCIL TO REGULATE USE OF STREETS.

SEC. 14. The council may regulate the use of the public highways, streets, avenues and alleys of the city, subject to the right of travel and passage therein. They shall have authority to prescribe the stands for all vehicles kept for hire, or designate the places where loads of wood, coal, hay and other articles may stand for sale, to regulate traffic and sales in the streets and upon sidewalks; to regulate or prohibit the display, use or placing of signs, advertisements and banners, awning posts and telegraph, telephone or light poles and wires in or over the streets; to prohibit immoderate riding or driving in the streets or over the bridges; to regulate or prohibit all such sports, amusements, proceedings and gatherings of crowds in the streets as may interfere with the lawful use thereof, or render travel or passage therein inconvenient or unsafe; to prohibit and prevent the running at

large of beasts and fowls in the streets or elsewhere in the city, and to impose penalties upon the owners or keepers thereof permitting the same; to cleanse and purify the streets, and to prohibit, prevent, remove and abate all nuisances therein, and to require the authors and maintainers thereof to remove the same and to punish them; and generally to prescribe and enforce all such police regulations over and in respect to the public streets, as may be necessary to secure good order and safety to persons and property in the lawful use thereof; and to promote the general welfare. And in addition to all other powers herein granted, the council shall have the same authority and powers over and in respect to the public streets of the city, as are conferred by law upon highway commissioners in townships.

CHAPTER XIX.

SIDEWALKS.

COUNCIL TO HAVE CONTROL OF.

SECTION 1. The council shall have control of all sidewalks in the public streets and alleys in the city, and may prescribe the grade thereof, and change the same when deemed necessary. They shall have power to build, maintain and keep in repair sidewalks and crosswalks in the public streets and alleys, and to charge the expense of constructing and maintaining such sidewalks upon the lots and premises adjacent to and abutting upon such walks.

PROPERTY OWNERS TO BUILD WALKS.

SEC. 2. The council shall also have authority to require the owners and occupants of lots and premises to build, rebuild and maintain sidewalks in the public streets adjacent to and abutting upon such lots and premises, and to keep them in repair at all times, and to construct and lay the same upon such lines and grades, and of such width, materials, and manner of construction, and within such time as the council shall by ordinance or resolution prescribe the expense thereof to be paid by such owner or occupant; or the council may, by a two-thirds vote of all the aldermen elect, pay such part of the expense of building or rebuilding such walk, as they may deem proper, from the general street fund, or from the street district fund of any street district in which such walk may be located: *Provided*, That when a walk shall be once built according to a grade established by the council, the owner shall not again be chargeable for such construction in case a grade for such walk shall be changed by the council.

SNOW AND ICE.

SEC. 3. The council shall also have power, either by ordinance or resolution, to cause and require the owners and occupants of any lot or premises to remove all snow and ice from the sidewalks in front of or adjacent to such lot or premises, and to keep the same free from obstructions, encroachments, encumbrances, filth, and other nuisances: *Provided*, That the council may, by a two-thirds vote of all the aldermen elect, provide by ordinance or resolution for the removing of all ice and snow therefrom, and for keeping the same free from encumbrances and pay the expense thereof from the general street fund, or from the street district fund of any district in which the same may be located.

IN CASE OWNER REFUSES TO BUILD, ETC.

SEC. 4. If the owner or occupant of any lot or premises shall fail to build, rebuild, or maintain any particular sidewalk as mentioned and prescribed in the last two sections, or shall fail to keep the same in repair, or remove the snow, ice and filth therefrom, or to remove and keep the same free from obstructions, encroachments, encumbrances or other nuisances, or shall fail to perform any other duty required by the council in respect to such sidewalks within such time and such manner as the council shall require, the council may cause the same to be done, and such sidewalk to be built, rebuilt or repaired, and the expense, or such part thereof, as the council shall have determined, shall be charged to such owner or occupant, and the council may cause the amount of such expenses incurred thereby, for which owner or occupant shall have become liable, to be reported to the supervisor in whose district said sidewalk shall be located, to be levied by him as a special tax or assessment upon the lots or premises adjacent to and abutting upon such sidewalk, which special assessment shall be subject to review, after proper notice is given as in all other cases of special assessments provided for by this act, and such tax, when confirmed, shall be a lien upon such lot or premises the same as other special assessments, and the council shall order the supervisor in whose district such lot or premises are situated, to spread said amount, together with a penalty of ten per cent upon his roll as a special assessment upon such lot or premises, and the same shall be collected in the same manner as other city taxes, or the city may collect such amount, together with the penalty aforesaid, from the owner or occupant of such premises in an action of assumpsit, together with costs of suit.

SIGNS, POSTS, AWNINGS, ETC.

SEC. 5. The council shall have power to regulate and prohibit the placing of signs, sign posts, awnings and awning posts, and other things upon or over sidewalks, and to regulate or prohibit the construction and use of openings in the sidewalks, and of all vaults, structures and excavations under the same; and to prohibit and prevent obstructions, encumbrances or other nuisances upon the walks.

CHAPTER XX.

The cost and expense of the following improvements, including the necessary lands therefor, namely: For city hall and other public buildings and offices for the use of city officers, engine houses and structures for the fire department, for water works, for lighting purposes, hospitals, quarantine grounds or pest houses, market houses and spaces, cemeteries and parks, watch houses, city prisons and work-houses, shall be paid from the proper general funds of the city. When by the provisions of this act the cost and expenses of any local or public improvement may be defrayed in whole or in part by special assessment upon lands abutting upon and adjacent to or otherwise benefited by the improvement, such assessment may be made as in this chapter provided.

ASSESSMENTS; WHO TO MAKE.

SEC. 2. Special assessments authorized by this act shall be made by the supervisor in whose assessing district or supervisor district the special assessing district may be. If the supervisor, whose duty it is to make such special assessment, shall be interested in such special assessment as directed by the council, they shall appoint some other person to act in the stead of such supervisor who shall make such assessment.

DUTY OF COUNCIL.

SEC. 3. When the owners of a majority of the lands liable to be assessed in any special assessment district, or part of the city which may be constituted a special assessment district, shall petition the council for any public improvement except sewers, the council shall order such improvement to be made. In other cases public improvements shall be made

in the discretion of the council. When the council shall determine to make any public improvement or repairs, and defray the whole or any part of the cost and expenses thereof by special assessment, they shall so declare by resolution, stating the improvement and what part or portion of the expenses thereof shall be paid by special assessment, and what part, if any, shall be apportioned from the general funds of the city or from the street district funds, and shall designate the district or lands and premises upon which the special assessment shall be levied.

NOTICE OF PUBLIC IMPROVEMENT.

SEC. 4. Before ordering any public improvement or repairs, any part of the expenses of which is to be defrayed by special assessment, the council shall cause estimates of the expense thereof to be made, and also plats and diagrams, when practicable, of the work and of the locality to be improved, and deposit the same with the city clerk for public examination; and they shall give notice thereof and of the proposed improvement or work, and of the district to be assessed, by publication for two weeks in one of the newspapers of the city, and of the time when the council will meet and consider any objections thereto. Unless a majority of the persons to be assessed shall petition therefor, no such improvement or work shall be ordered, except by the concurrence of two-thirds of the aldermen elect.

SPECIAL ASSESSMENTS NOT TO EXCEED TWENTY-FIVE PER CENT.

SEC. 5. The cost and expense of any improvement which may be defrayed by special assessment shall include the costs of surveys, plans, assessments and cost of construction. In no case shall the whole amount to be levied by special assessment upon any lot or premises for any one improvement exceed twenty-five per cent of the value of such lot or land, as valued and assessed for State and county taxation in the last preceding tax roll; any cost exceeding that per cent which would otherwise be chargeable on such lot or premises, shall be paid from the general funds of the city.

WHEN ASSESSMENT SHALL BE MADE.

SEC. 6. Special assessments to defray the estimated cost of any improvement shall be levied before the making of the improvement.

ASSESSMENT; HOW MADE.

SEC. 7. When any special assessment is to be made pro rata upon the lots and premises in any special district, according to frontage or benefits, the council shall, by reso-

lution, direct the same to be made by the supervisor in whose assessing district the improvement may be, and shall state therein the amount to be assessed and whether according to frontage or benefits; and describe or designate the lots and premises or locality constituting the district to be assessed.

UNKNOWN OWNERS.

SEC. 8. Upon receiving such order and directions, the supervisor shall make out an assessment roll, entering and describing therein all the lots, premises and parcels of land to be assessed, with the names of the persons, if known, chargeable with the assessments thereon; and shall levy thereon and against such persons the amount to be assessed, in the manner directed by the council and the provisions of this act, applicable to the assessment, and if the several descriptions thus to be assessed in any special assessment district shall extend into more than one supervisor district of the city, two rolls shall be made, one for each supervisor district. In all cases where the ownership of any description is unknown to the supervisor, he shall, in lieu of the name of the owner, insert the name "Unknown;" and if by mistake or otherwise, any person shall be improperly designated as the owner of any lot, parcel of land or premises, or if the same shall be assessed without the name of the owner, or in the name of a person other than the owner, such assessment shall not, for any such reason, be vitiated, but shall, in all respects, be as valid upon and against such lot, parcel of land or premises as though assessed in the name of the proper owner, and when the assessment roll shall have been confirmed, be a lien on such lot, parcel of land or premises, and collected as in other cases.

SUPERVISOR TO REPORT TO THE COUNCIL.

SEC. 9. If the assessment is required to be according to frontage, the supervisor shall assess to each lot or parcel of land such relative portion of the whole amount to be levied, as the length of the front of such premises abutting upon the improvement bears to the whole frontage of all the lots to be assessed, unless on account of the shape or size of any lot, an assessment for a different number of feet would be more equitable. If the assessment is directed to be according to benefits, he shall assess upon each lot such relative portion of the whole sum to be levied, as shall be proportionate to the estimated benefit resulting to such lot from the improvement. When the supervisor shall have completed the assessment, he shall report the same to the council, such report to be signed by the supervisor, may be in the form of a certificate, indorsed on the assessment roll, as follows:

State of Michigan, }
County of Barry. } ss.

To the Council of the City of Hastings:

I hereby certify and report that the foregoing is the special assessment roll, and the assessment made by me, pursuant to a resolution of the council of said city, adopted (give date), for the purpose of paying that part of the cost which the council decided should be paid and borne by special assessment for the (here insert the object of the assessment); that in making such assessment, I have, as near as may be, and according to my best judgment, conformed in all things to the directions contained in the resolution of the council hereinbefore referred to, and the charter of the city relating to such assessments.

IMPROVEMENT FOR A SINGLE LOT OR PARCEL.

SEC. 10. When any expense shall be incurred by the city upon or in respect to any separate or single lot, parcel of land or premises which, by the provisions of this act, the council is authorized to charge and collect as a special assessment against the same, and not being of that class of special assessments required to be made pro rata upon several lots or parcels of land in a special assessment district, an account of the labor or services for which such expense was incurred, verified by the officer or person performing the labor or services, or causing the same to be done, with a description of the lot or premises upon or in respect to which the expense was incurred, and the name of the owner or person, if known, chargeable therewith, shall be reported to the council in such manner as they shall prescribe. And the provisions of the preceding section of the chapter with reference to special assessments generally, and the proceedings necessary to be had before making the improvement, shall not apply to assessments to cover the expenses incurred, in respect to that class of improvements contemplated in this section.

COUNCIL TO DETERMINE AMOUNT.

SEC. 11. The council shall determine what amount or part of every such expense shall be charged, and the person, if known, against whom, and the premises upon which the same shall be levied as a special assessment; and as often as the council shall deem it expedient they shall require all of the several amounts so reported and determined, and the several lots or premises, and the person chargeable therewith, respectively, to be reported by the city clerk to the supervisor for assessment.

SUPERVISOR TO MAKE ASSESSMENT ROLL.

SEC. 12. Upon receiving the report mentioned in the preceding section, the supervisor shall make a special assessment roll, and levy as a special assessment therein upon each lot or parcel of land so reported to him, and against the person chargeable therewith, if known, the whole amount or amounts of all the charges so directed, as aforesaid, to be levied upon each of said lots or premises respectively, and when completed, he shall report the assessment to the council, and all the several assessments in each assessing district shall be kept separate the same as is required in section eight of this chapter.

FILING OF ROLL, NOTICE, OBJECTIONS.

SEC. 13. When any special assessment roll shall be reported by the supervisor to the council, as in this chapter directed, the same shall be filed in the office of the city clerk and numbered consecutively. Before adopting such assessment, the council shall cause notice to be published two weeks at least in some newspaper of the city, of the filing of the same with the city clerk, and appointing a time when the council and supervisor will meet to review the assessment. Any person objecting to the assessment may file his objections thereto in writing with the city clerk. The notice provided for in this section may be addressed to the persons whose names appear upon the special assessment roll, and to all others interested therein, and may be in the following form:

NOTICE OF SPECIAL ASSESSMENT.

To (insert the names of the persons against whom the assessment appears), and to all other persons interested, take notice: That the roll of the special assessment heretofore made by the supervisor, for the purpose of defraying that part of the cost which the council decided should be paid and borne by special assessment for the (insert the object of the assessment and the locality of the proposed improvement in general terms), is now on file in my office for public inspection. Notice is also given that the council and supervisor will meet at the council room in the city of Hastings on (insert the date fixed upon) to review said assessment, at which time and place opportunity will be given all persons interested to be heard.

City Clerk.

REVIEW OF ASSESSMENT.

SEC. 14. At the time and place appointed for the purpose, as aforesaid, the council and supervisor shall meet, and there, or at some adjourned meeting, review the assessment and shall hear any objections to any assessment which may be made by any person deeming himself aggrieved thereby, and the council may correct said roll, as to any assessment, or description of premises, appearing therein, and may confirm it as reported, or as corrected; or they may refer the assessment back to the supervisor for revision; or annul it and direct the supervisor to make a new assessment; in which case the same proceedings shall be had as in respect to the previous assessment. When a special assessment shall be confirmed, the city clerk shall make an indorsement upon the roll showing the date of the confirmation.

WHEN CONFIRMED TO BE FINAL.

SEC. 15. When any special assessment shall be confirmed by the council, it shall be final and conclusive.

WHEN ASSESSMENT TO BECOME A LIEN.

SEC. 16. All special assessments shall, from the date of the confirmation thereof, constitute a lien upon the respective lots or parcels of land assessed, and shall be charged against the person to whom assessed until paid.

ASSESSMENT; WHEN TO BE COLLECTED.

SEC. 17. Upon the confirmation of any special assessment, the amount thereof may be divided into such installments as the common council may provide by resolution or ordinance, one of which shall be collected each year, at such times as the council shall determine, with annual interest at a rate not exceeding six per cent per annum, but the whole assessment after confirmation may be paid to the city treasurer at any time in full, with proportionate interest thereon. All special assessments, except such installments thereof as the council shall make payable at a future time, as provided in this section, shall be due and payable upon confirmation.

SPECIAL ROLL FOR EACH INSTALLMENT.

SEC. 18. If any special assessment shall be divided into installments, a special assessment roll shall be made for each installment as the same shall become due, with the accrued interest thereon upon all unpaid installments included and assessed therein. Such special rolls may be made and confirmed without notice to the persons assessed.

APPORTIONMENT WHEN LAND DIVIDED AFTER ASSESSMENT.

SEC. 19. Should any lots or lands be divided after a special assessment thereon has been confirmed and divided into installments, the council may require the supervisor to apportion the uncollected amounts upon the several parts of lots and lands so divided. The report of such apportionment, when confirmed, shall be conclusive upon all the parties, and all assessments thereafter made upon such lots or lands shall be according to such division.

WHEN ASSESSMENT IS INSUFFICIENT.

SEC. 20. Should any special assessment prove insufficient to pay for the improvement or work for which it was levied, and the expenses incident thereto, the council may, within the limitations prescribed for such assessments, make additional pro rata assessment to supply the deficiency, and in case a larger amount shall have been collected than was necessary, the excess shall be refunded ratably to those by whom it was paid.

WHEN FIRST ASSESSMENT ILLEGAL. NEW TO BE MADE.

SEC. 21. Whenever any special assessment shall, in the opinion of the council, be invalid by reason of irregularity or informality in the proceedings, or if any court of competent jurisdiction shall adjudge such assessment to be illegal, the council shall, whether the improvement has been made or not, or whether any part of the assessments have been paid or not, have power to cause a new assessment to be made for the same purpose for which the former assessment was made. All proceedings on such reassessment and for the collection thereof, shall be conducted in the same manner as provided for the original assessment, and whenever any sum or part thereof levied upon any premises in the assessment so set aside has been paid and not refunded, the payment so made shall be applied upon the reassessment on said premises, and the reassessment shall to that extent be deemed satisfied.

EQUITABLE LIEN NOT IMPAIRED.

SEC. 22. No judgment or decree, nor any act of the council vacating a special assessment, shall destroy or impair the lien of the city upon the premises assessed, for such amount of the assessment as may be equitably charged against the same, or, as by a regular mode of proceeding might have been lawfully assessed thereon.

CLERK TO REPORT ASSESSMENT TO SUPERVISORS.

SEC. 23. Whenever any special assessment shall be confirmed and be payable, the council may direct the city clerk to report to the supervisor of the district in which the lots and premises assessed in the special assessment roll are located, a description of such lots and premises as are contained in said roll, with the amount of the assessment levied on each, and the name of the owner or occupant against whom the assessment was made, and direct the supervisor to levy the several sums so assessed as a tax upon the several lots and premises to which they were assessed respectively. Upon receiving said report, the supervisor shall levy the sums therein mentioned upon the respective lots and premises to which they are especially assessed, and against the persons chargeable therewith, as a tax, in such tax roll next thereafter to be made, in a column for special assessments, and thereupon the amounts so levied in said tax roll shall be collected and enforced with the other taxes in the tax roll, and in the same manner; and shall continue to be a lien upon the premises assessed, until paid, and when collected, shall be paid into the city treasury.

TAXES MAY BE COLLECTED WITHOUT ASSESSMENT IN TAX ROLL.

SEC. 24. When any special assessment shall be confirmed, and be payable as hereinbefore provided, the council, instead of requiring the assessment to be reported to the supervisor, as provided in the preceding section, may direct the assessment so made in the special assessment roll to be collected directly therefrom; and thereupon the supervisor shall attach his warrant to a certified copy of said special assessment roll, therein and thereby commanding the city treasurer to collect from each of the persons assessed in said roll, the amount of money assessed to and set opposite his name therein, and in case any person named in said roll shall neglect or refuse to pay his assessment upon demand, then to levy and collect the same by distress and sale of the goods and chattels of such person and return said roll and warrant, together with his doings thereon as hereinafter provided.

TREASURER TO COLLECT TAXES.

SEC. 25. Upon receiving said assessment roll and warrant the city treasurer shall proceed to collect the amounts assessed therein. If any person shall refuse or neglect to pay his assessment upon demand, the treasurer shall seize and levy upon any personal property found within the city or elsewhere within the county, belonging to such person, and sell the same at public auction, first giving six days' notice of the time and place of such sale, by posting such notices in three of the most public places in the city or town.

ship where such property may be found. The proceeds of such sale, or so much thereof as may be necessary for that purpose, shall be applied to the payment of the assessment, and a percentage of five per centum upon the amount of the assessment for the costs and expenses of said seizure and sale, and the surplus, if any, shall be paid to the person entitled thereto.

RETURN OF ROLL BY TREASURER.

SEC. 26. The treasurer shall make return of said assessment roll and warrant to the city clerk according to the requirement of the warrant, and if any assessments in said roll shall be returned unpaid, or if the city treasurer shall be unable to collect any of the special assessments on the July roll assessed on real property on or before the tenth day of September in each year, he shall on or before the fifth day of November following, make a statement of the same with a full and perfect description of such property, together with the special assessments assessed against each such descriptions remaining unpaid, which statement he shall verify by his affidavit, in which affidavit he shall make oath that the sums so mentioned in said statement as uncollected, remain unpaid, and that he has not been able, after diligent inquiry, to discover any goods or chattels belonging to the person liable to pay such taxes, whereupon he could levy the same. He shall also make a statement under oath showing the amount of all moneys collected by him on account of the special assessments on said roll. Both said statements shall be filed with the city clerk on or before the fifth day of November of such year. And thereupon the city clerk shall immediately compare such statements and return of said treasurer with the tax roll and verify the same and make settlement with the city treasurer as to said July tax roll and report the same to the council at their next meeting, together with the statement or return of uncollected special assessments filed with him by the city treasurer as aforesaid. The council upon receiving such report and being satisfied of the correctness thereof and that the special assessments reported in said statement are in fact unpaid, shall direct the city clerk to certify the same to the several supervisors to be so spread by them upon their several December rolls. Such certificate so given by the city clerk to the supervisors as aforesaid, shall contain the amount of all such special assessments to be reassessed, and in one column headed "Special Assessments" shall be contained the total of all special assessments; in another column headed "Special Re-assessments" shall be contained the total of all special assessments returned as unpaid; and in a third column headed "Interest and Penalty Tax" shall be included the interest at the rate of one per cent per month from the first day of October of such year up to and including the month of

December, together with the collection fee of four per cent on the total amount of such special assessments; and such certificate shall be given by the city clerk to such supervisor on the fifteenth day of November, or as soon thereafter as practicable. Upon receipt of such certificate and statement from the city clerk it shall be the duty of each of the supervisors to spread upon their several December rolls, the amounts specified in said certificate against each of the descriptions or persons therein mentioned, which said special assessments so spread and assessed by such supervisors on their December rolls, shall be collected by the treasurer the same as other taxes ordered to be spread on said rolls.

WARRANT MAY BE RENEWED.

SEC. 27. Said warrant may be renewed from time to time by the city clerk, if the council shall so direct, and for such time as they shall direct and determine, and during the time of such renewal the warrant shall have the same force, and the city treasurer shall perform the same duties and make the like returns, as above provided.

TAX MAY BE COLLECTED BY ACTION OF ASSUMPSIT.

SEC. 28. At any time when a special assessment has become payable, the same may be collected by suit, in the name of the city, against the person assessed, in an action of assumpsit, in any court having jurisdiction of the amount. In every such action a declaration upon the common counts for money paid shall be sufficient. The special assessment roll and a certified order or resolution confirming the same, shall be prima facie evidence of the regularity of all the proceedings in making the assessment, and of the right of the city to recover judgment therefor.

SEC. 29. Whenever any special assessment levied against any parcel, tract, or lot in this city by virtue of any special assessment had, made, or taken in accordance with the provisions of this act, if the same shall not be paid within the time limited for payment thereof by the charter or ordinances of the city providing for the levying and collecting of said tax, and in case the city treasurer shall be unable to collect the same by virtue of the provisions herein made by levy and distress of personal property, or the collection thereof by suit within the time limited therefor, then and in such case the city treasurer shall return said parcel or parcels of land, as the case may be, as delinquent in the same manner as taxes levied under the general laws of the State are returned, and said lot or parcel so returned may be sold for the payment of such special assessment in the same manner as near as may be, as lands are sold for taxes levied under the general laws of the State and subject to the same rights of payment and redemption.

IRREGULARITIES NOT TO VITIATE.

SEC. 30. If in any such action it shall appear that by reason of any irregularities or informalities, the assessment has not been regularly made against the defendant, or upon the lot or premises sought to be charged, the court may nevertheless, on satisfactory proof that expense has been incurred by the city, which is a proper charge against the defendant, or the lot or premises in question, render judgment for the amount properly chargeable against such defendant, or upon such lot or premises.

CERTAIN PAVING PROCEEDINGS LEGALIZED.

SEC. 31. That all proceedings heretofore had in the matter of issuing bonds for paving in said city and special assessments to be levied as authorized by a vote of the electors of said city at a special election held therein on the twenty-seventh day of December, nineteen hundred six, are hereby made and declared legal and valid, and binding upon the tax payers of said city of Hastings; and said city is hereby authorized and empowered to issue paving bonds in the aggregate of thirty-five thousand dollars.

CHAPTER XXI.

APPROPRIATION OF PRIVATE PROPERTY FOR PUBLIC USE.

PURPOSES FOR WHICH MAY BE TAKEN.

SECTION 1. Private property may be appropriated for public use by the city for the purpose of opening, widening, altering or extending streets, alleys and avenues; for the construction of bridges, for public buildings, and for other public structures, for public parks, market places and spaces, and for the improvement of water courses; for sewers, drains and ditches; for public hospitals, pest houses, quarantine grounds and public cemeteries, and for other lawful and necessary public use.

PROCEEDINGS TO BE UNDER GENERAL LAW.

SEC. 2. If it shall become necessary to appropriate private property for the public uses or purposes specified in the preceding section, the right to occupy and to hold the same and the ownership therein and thereto may be acquired by the city, either in the manner and with like effect as provided by the general laws of this State relating to the taking of private property for public uses in cities and villages, or by instituting and prosecuting the proceedings for that purpose as hereinafter set forth.

CITY ATTORNEY TO INSTITUTE PROCEEDINGS.

SEC. 3. Whenever the council shall have declared a public improvement to be necessary in the municipality and shall have declared that they deem it necessary to take private property, describing it, for such public improvement, designating it, and that the improvement is for the benefit of the public, they shall, by resolution, direct the city attorney to institute the necessary proceedings in behalf of the city, before the probate court as they may designate, to carry out the object of the resolution in regard to taking private property by the city for such public use.

FILING OF PETITION, ETC.

SEC. 4. The city clerk shall make and deliver to the city attorney, as soon as may be, a copy of such resolution, certified under seal, and it shall be the duty of such attorney to prepare and file with such probate court in the name of the city, a petition signed by him in his official character and duly verified by him; to which petition a certified copy of the resolution of the council shall be annexed which certified copy shall be prima facie evidence of the action taken by the council and of the passage of the said resolution. The petition shall state, among other things, that it is made and filed as commencement of judicial proceedings by the city in pursuance of this act to acquire the right to take private property for the use or benefit of the public, without consent of the owners, for a public improvement, designating it for a just compensation to be made. A description of the property to be taken shall be given, and generally the nature and extent of the use thereof that will be required in making and maintaining the improvement shall be stated, and also the names of the owners and others interested in the property, so far as can be ascertained, including those in possession of the premises. The petition shall also state that the council has declared such public improvement to be necessary, and that they deem it necessary to take the private property described in that behalf or such improvement for the use or benefit of the public. The petition shall ask that a jury be summoned and impaneled to ascertain and determine whether it is necessary to make such public improvement, whether it is necessary to take such private property as it is proposed to take for the use or benefit of the public, and to ascertain and determine the just compensation to be made therefor. The petition may state any other pertinent matter or things, and may pray for any other or further relief to which the city may be entitled, within the objects of this chapter.

PROBATE COURT TO ISSUE SUMMONS.

SEC. 5. Upon receiving such petition it shall be the duty of the probate court to issue a summons against the respondents named in such petition, stating briefly the object of said petition, and commanding them, in the name of the people of the State of Michigan, to appear before said probate court at a time and place to be named in said summons, not less than twenty nor more than forty days from the date of the same, and show cause, if any they have, why the prayer of said petitioner should not be granted.

SERVING OF SUMMONS.

SEC. 6. Said summons shall be served by the city marshal, any member of the police force or any constable of the city, at least five days before the return day thereof, upon all the respondents found within the county, by exhibiting the original and delivering a copy to each of them. If any respondent who is a resident of the county, cannot be found, the summons shall be served by leaving a copy thereof at his or her usual or last place of abode, with some person of suitable age and discretion. If any minor or person of unsound mind is interested in the premises to be taken, service may be made on the guardian of such person, if any, and if there is no guardian, the probate court may appoint some discreet and proper person to be guardian ad litem of such person in such proceedings, and such guardian shall have authority to represent such person in said proceedings. The proceedings to appoint such guardian shall be the same as in other cases provided by statute. If it shall appear on the return day of the summons that any respondent cannot be found within the county and has not been served in the manner provided, or is non-resident and has not voluntarily appeared, the court may make an order requiring such respondent or respondents to appear and show cause why the prayer of the petition should not be granted, on a day to be named in the order, and not less than thirty days from the date thereof, and may require that a certified copy of such order be personally served on such respondents wherever found, if practicable, at least six days before the time named in the order for appearance, or the court may make such order for appearance and require as to any or all such respondents who shall not have been personally served and have not appeared, that service be made by publishing a certified copy of such order for three successive weeks, at least once in each week, in at least one newspaper published within the city, the last publication to be at least six days before the day fixed in the order for appearance. Alias and pluries summons may be issued, and the probate court may adjourn the proceedings from time to time, as there shall be occasion, and as in other civil cases. Service of such order for appearance in either

mode described shall be sufficient notice of the proceedings to bind the respondents and the property represented by them. The return of the officer upon the summons and an affidavit of the due service or the publication of the order for appearance, if any, shall be filed with such probate court before a jury shall be impaneled, and be sufficient evidence of service on the respondents and of the manner of service.

WHEN JURY TO BE IMPANELED.

SEC. 7. On the return day of the summons, or on some subsequent day to which the proceedings are adjourned, if no sufficient cause to the contrary has been shown, the probate court shall make an order that a jury be impaneled in the case. Such jury shall be composed of six freeholders of the city, and shall be selected and impaneled as follows: The city marshal or any constable or any member of the police force of the city shall, on the same day, or at an adjourned day, make a list of eighteen resident freeholders of the city, and the city attorney and the respondents collectively, shall each have the right to strike six names from the list of persons written down, as aforesaid, and subject to objection for cause; the six men whose names are left on the list shall compose the jury for the trial of the cause and shall be summoned to attend at no less than three nor more than ten days from the date of selecting such jury, by a venire issued by him and to be served by one of the officers aforesaid. If the respondents neglect or refuse to strike six names from said list, it shall be done by the probate judge, and in case any of the persons to be summoned cannot by him be found in the county, or being summoned do not attend, or shall be excused for cause or otherwise, talesmen possessing the necessary qualifications may be summoned as jurors in the case by such officer, and the practice and proceedings under this chapter, except as herein otherwise provided, relative to impaneling, summoning and excusing jurors and talesmen and imposing penalties or fines upon them for non-attendance, shall be the same as the practice and proceedings of justice's courts relative to jurors in civil cases in such courts.

OATH TO JURORS.

SEC. 8. The jurors so impaneled shall be sworn or shall affirm in substance as follows: "You do solemnly swear (or affirm) that you will well and truly ascertain and determine whether there is public necessity for making the proposed improvement and for taking for the use or benefit of the public the private property which the petition describes and prays may be taken, and if you determine that it is necessary to make such improvement, and to take said property,

that then you ascertain, determine and award the just compensation to be made therefor, and faithfully and impartially discharge all other duties as devolve upon you in this case, and unless discharged by the court, a true verdict give, according to the law and evidence, so help you God (or under the pains and penalties of perjury)." The jury shall hear the proofs and allegations of the parties, and shall go to the place of the intended improvement, in the charge of an officer, and upon or as near as practicable to the property proposed to be taken, and examine the premises. They shall be instructed as to their duties and the law of the case by the probate judge, and shall retire under the charge of an officer and render their verdict in the same manner as on the trial of an ordinary civil case, but the same shall be in writing and be signed by all the jurors.

VERDICT; WHAT TO DETERMINE.

SEC. 9. The jury shall determine in their verdict the necessity for the proposed improvement and for taking such private property for the use or benefit of the public for the proposed improvement, and in case they find such necessity exists, they shall separately award to the owners of such property and others interested therein, such compensation therefor as they shall deem just. If any such private property shall be subject to a mortgage, lease, agreement or other lien, estate or interest, they shall apportion and award to the parties in interest such portion of the compensation as they shall deem just.

FORM OF VERDICT.

SEC. 10. To assist the jury in arriving at their verdict, the probate court may allow the jury, when they retire, to take with them the petition filed in the case and a map showing the location of the proposed improvement and of each and all parcels of property to be taken, and may also submit to them a blank verdict, which may be as follows:

PART I.

We find that it isnecessary to take the private property described in the petition in this case, for the use and benefit of the public for the proposed public improvement.

PART II.

The just compensation to be paid for such property we have ascertained and determined and hereby award as follows:

Description of each of the several parcels of private property to be taken.	Owners, occupants, and others interested in each parcel.	Compensation.	To whom payable.

.....

.....

Jury.

The different descriptions of the property and the names of the occupants, owners and others interested therein may be inserted in said blank verdict, under the direction of the probate judge, before it is submitted to the jury, or it may be done by the jury.

AMENDMENTS ALLOWED.

SEC. 11. Amendments either in form or in substance may be allowed in any paper, petition, process, record or proceedings or in the description of property proposed to be taken, or the name of any person, whether contained in the resolution passed by the council or otherwise, whenever the amendments will not interfere with the substantial rights of the parties. Any such amendment may be made after as well as before judgment confirming the verdict of the jury.

DUTY OF PROBATE JUDGE.

SEC. 12. Upon filing the report and award of the jury with the probate court, he shall enter it upon the docket of his proceedings, and a copy thereof may be taken by the city attorney for the use of the council; and at any time thereafter, and within forty days after the impaneling of the jury making the report, the probate court, upon the application of the city council, shall enter judgment of confirmation of the determination and awards therein made. Unless such application and confirmation shall be made within said forty days, all proceedings upon that report and award shall be at an end, and a new jury and new proceedings may be had, as in the case of a disagreement of the jury. All parties interested in such report shall take notice of the confirmation thereof. Any such judgment of confirmation shall be final and conclusive as to all parties not appealing therefrom within the time hereinafter provided.

DISAGREEMENT OF JURY.

SEC. 13. If such jury shall be unable to agree upon a verdict, or for any cause should fail to render a verdict, the probate court shall, on the application of the city attorney, designate some day and hour when another jury may be impaneled, and such other jury shall be obtained, drawn, summoned, returned, bound to attend and serve, have the same qualifications, be sworn, and when sworn, have the same powers and duties as the first jury. The same proceedings after they are sworn shall be had by them, and by and before the probate court as provided for above after the first jury is sworn.

DEATH OR DISABILITY OF JUROR.

SEC. 14. If any juror, after being sworn, and before the hearing shall have been commenced, shall die, or from sickness or any other cause be unable to discharge his duties as a juror, the probate court may cause to be drawn another person to serve in his place, who shall be sworn and shall have the like qualifications, powers and duties as those already sworn.

APPEAL TO CIRCUIT COURT.

SEC. 15. Any party aggrieved by the judgment of confirmation hereinbefore mentioned, may, within ten days after entry thereof, appeal therefrom to the circuit court, by filing with the probate court a claim of appeal, in writing, under oath, in which he shall set forth a description of the land in which he claims an interest and a statement that he considers himself aggrieved by the proceedings and judgment of which he complains, and his objections, if any, to the amount of damages awarded, and at the same time filing with the probate court a bond to the city, in a penal sum of not less than three hundred dollars, with sureties to be approved by the probate court, conditioned that he will prosecute his appeal to effect, and pay costs that may be awarded against him in the circuit court, and paying to the probate court the sum of three dollars for making his return to the appeal.

RETURN TO APPEAL BY JUDGE OF PROBATE.

SEC. 16. Within ten days after taking such appeal the probate court shall make and certify a return to said appeal, setting forth a transcript from his docket of all the proceedings and the judgment entered therein, and shall attach thereto the report of the jury, and all notices and papers filed with him, together with the bond and claim of appeal, and file the same with the clerk of the circuit court.

CIRCUIT COURT TO HAVE JURISDICTION.

SEC. 17. Upon filing the return of the probate court, as mentioned in the preceding section, the circuit court shall have jurisdiction of the case. The parties may proceed to trial by jury without reference to any term of court upon the question as to the amount of damages to be awarded; but the finding of the jury before the probate court as to the necessity of taking the land shall be held to be conclusive. The appeal of one or more persons interested in any judgment of confirmation shall not in any way affect said judgment as to other persons interested therein who do not appeal.

JURY TO BE IMPANELED.

SEC. 18. The jury to be impaneled to try the case shall be drawn and impaneled as juries in other civil cases in the circuit court. The jury so impaneled shall be sworn or shall affirm in substance as follows: "You do solemnly swear that you will well and truly ascertain, determine and award the just compensation to be made for the taking for the use or benefit of the public the private property which the petition describes, and that you will faithfully and impartially discharge all other duties as devolve upon you in this case, according to the law and the evidence, and unless discharged by the court, a true verdict give therein, so help you God (or under the pains and penalties of perjury)." The jury shall hear the proofs and allegations of the parties, and shall go to the place of the intended improvement, in the charge of an officer, and upon or as near as practicable to the property taken, and examine the premises. They shall be instructed as to their duties and the law of the case by the circuit judge, and shall retire under the charge of an officer and render their verdict in the same manner as on the trial of an ordinary civil case, but the same shall be in writing and shall be signed by all the jurors.

VERDICT; WHAT TO CONTAIN.

SEC. 19. The jury shall in their verdict separately award to the owners of such property and others interested therein, such compensation therefor as they shall deem just. If any such private property shall be subject to a mortgage, lease, agreement or other lien, estate or interest, they shall apportion and award to the parties in interest such portion of the compensation as they shall deem just.

FORM OF VERDICT.

SEC. 20. To assist the jury in arriving at their verdict, the circuit judge may allow the jury when they retire, to

take with them the petition filed in the case, and a map showing the location of the proposed improvement and of each and all the parcels of property to be taken and may also submit to them a blank verdict as set forth in "Part II" of section ten of this chapter. The different descriptions of the property and the names of the occupants, owners, and others interested therein may be inserted in said blank verdict, under the direction of the circuit judge before it is submitted to the jury, or it may be done by the jury.

CONFIRMATION, COST.

SEC. 21. Upon any dismissal of the appeal, or rendition of judgment after trial in the circuit court, said court shall confirm the proceedings and rights of the city to take and appropriate the lands of the appellant for the purpose mentioned in the resolution of the council. And unless the appellant shall recover judgment for at least one hundred dollars more than the amount awarded to him before the probate court he shall pay costs to the city; otherwise the court shall award such costs to him or to the city, as shall be just.

CITY CLERK TO RECORD JUDGMENT.

SEC. 22. It shall be the duty of the city clerk to procure copies of any judgment of confirmation of the circuit court or of the probate court after the same has become final, as well as of the report and findings of the jury, and the same shall be recorded in a book of records to be kept by him, and the docket of such probate court, or the judgment of said court, as well as the book of records of such proceedings kept by said city clerk, or certified copies thereof, shall be presumptive evidence of the matters therein contained, and of the regularity of all the proceedings to appropriate the property sought to be acquired and to confirm the same.

PROCEEDINGS AFTER VERDICT.

SEC. 23. When the verdict of the jury shall have been finally confirmed by the probate court and the time in which to take an appeal has expired, or, if an appeal is taken and the judgment has been confirmed, thereupon the proper and necessary proceedings, in due course, shall be taken for the collection of the sum or sums awarded by the jury. If the council believe that a portion of the city in the vicinity of the proposed improvement will be benefited by such improvement, they may by an entry in their minutes, determine that the whole or any part or just proportion of the compensation awarded by the jury and the costs of obtaining the same, shall be assessed upon the owners or occupants of real estate deemed to be thus benefited, and thereupon they

shall, by resolution, fix and determine the district or portion of the city benefited, and specify the amount to be assessed upon the owners or occupants of the taxable real estate therein. The amount of the benefit thus ascertained, shall be assessed upon the owners or occupants of such taxable real estate, in proportion, as nearly as may be, to the advantage which such lot, parcel or subdivision is deemed to acquire by the improvement. The assessment shall be made and the amount levied and collected in the same manner and by the same officers and proceedings, as near as may be, as is provided in this act for assessing, levying and collecting the expense of a public improvement when a street is graded. The assessment roll containing said assessments, when ratified and confirmed by the council, shall be final and conclusive and prima facie evidence of the regularity and legality of all proceedings prior thereto, and the assessment therein contained shall be a lien on the premises on which the same is made until payment thereof. Whatever amount or portion of such awarded compensation shall not be raised in the manner herein provided, shall be assessed, levied and collected upon the taxable real estate of the municipality, the same as other general taxes are assessed and collected therein. At any sale which takes place of the assessed premises or any portion thereof, delinquent for non-payment of the amount assessed and levied thereon, the city may become the purchaser.

DUTY OF TREASURER.

SEC. 24. Within one year after the confirmation of the verdict of the jury, or after the judgment of confirmation shall on appeal be confirmed, the council shall set apart and cause to be provided in the treasury, unless already provided, the amount required to make compensation to the owners and persons interested, for the private property taken, as awarded by the jury, and shall in the resolution setting apart and providing said sum, if not already provided, direct the city to pay the persons respectively entitled to the money so set apart and provided, to each his or her portion, as ascertained and awarded by said verdict. And it shall be the duty of the treasurer to securely hold such money in the treasury for the purpose of paying for the property taken, and pay the same to the persons entitled thereto, according to the verdict of the jury, on demand, and not pay out the money for any other purpose whatever. The council may provide the necessary amount by borrowing from any other money or fund in the treasury and repay the same from money raised to pay the compensation awarded by the jury when collected or otherwise, as they may provide. Whenever the necessary sum is actually in the treasury for such purpose, the treasurer shall make and sign duplicate receipts of certificates, verified by oath, showing that the

amount of compensation awarded by the jury is actually in the treasury for payment of the private property taken in the case, giving the title of the case; he shall cause one of the certificates to be filed in the office of the probate court before whom such proceedings were had, or his successor, or in case an appeal has been had then in the office of the county clerk, and the other to be filed with the city clerk, which certificate shall be prima facie evidence of the matters therein stated. Whenever the amount of such compensation is in the treasury and thus secured to be paid, the council may enter upon and take possession of and use such private property for the purpose for which it was taken, and may remove all buildings, fences and other obstructions therefrom. In case of resistance or refusal on the part of any one to the council or their agents and servants entering upon and taking possession of such private property for the use and purpose for which it was taken, at any time after the amount of the compensation aforesaid is actually in the treasury, ready to be paid to those entitled thereto, the council, by the city attorney, may apply to the court, and shall be entitled, on making a sufficient showing, to a writ of assistance to put them in possession of the property.

FEEs AND COMPENSATION.

SEC. 25. Officers, jurors and witnesses in any proceedings under this chapter, shall be entitled to receive the same fees and compensation as are provided by law for similar services in an ordinary action at law in the probate courts of this State, and in cases of appeals, the same fees and compensation as are provided by law for similar services in circuit courts. All such fees and compensation shall in the first instance, be paid by the city.

PRIMA FACIE EVIDENCE OF OWNERSHIP.

SEC. 26. It shall be prima facie evidence as to who are owners of, and persons interested in, any property proposed to be taken in the proceedings instituted under this act, if the register or deputy register of deeds of the county shall testify in open court that he has examined the records and titles of his office, and states who such records show are the owners of and persons interested in such property, and the nature and extent of such ownership and interest; and an abstract of the title of such property, or of any parcel or parcels thereof, certified by the register or deputy register of deeds, shall also be prima facie evidence as to ownership, and persons having an interest in any such property, and the extent and nature of such interest.

DISPOSITION OF BUILDINGS.

SEC. 27. In case there is on the private property taken, a building or other structure, the same shall be sold by or under direction of the council. The amount produced by this sale shall belong to and be paid into the fund for paying the compensation awarded for the property taken, and the council shall cause such amount to be credited and applied in reduction pro rata of the assessment and apportionment made to pay for the property taken.

SEC. 12. After the passage of the annual appropriation bill, no further sums shall be used, raised or appropriated; nor shall any further liability be incurred for any purpose, to be paid from any general fund during the fiscal year for which the appropriation was made, unless the proposition to make the appropriation shall be sanctioned by a two-thirds vote of the electors voting upon the proposition at the next annual city election or at any special election called for that purpose. But this section shall not prohibit the council from making any necessary repairs or expenditure at a cost not exceeding five thousand dollars, the necessity for which is caused by casualty or accident happening after making the annual appropriation for the year or such necessity arising from an existing, evident and impending danger, and from borrowing the money therefor: *Provided*, That such expenditure shall not be made unless three-fourths of all the aldermen elect vote therefor: *And Provided further*, The city may contract a bonded indebtedness of not to exceed ten thousand dollars for sewer purposes, forty-five thousand dollars for street paving purposes and ten thousand dollars for all other purposes: *Provided*, That the common council shall not have authority to borrow money or issue bonds for any of the foregoing purposes, unless the question of raising the money for the specific purposes herein mentioned shall have been first submitted to the qualified electors of the city at its annual election or a special election called by the council for that purpose or heretofore called and held for that purpose, and bonds not issued, and a majority of the qualified electors thereof voting at such election shall vote by ballot for the same.

NO IMPROVEMENT WITHOUT APPROPRIATION.

SEC. 13. No improvement, work, repairs or expense, to be paid for out of any general fund, or street district fund, excepting as herein otherwise provided, shall be ordered, commenced or contracted for, or incurred in any fiscal year, unless in pursuance of an appropriation especially made therefor, in the last preceding annual appropriation bill, nor shall any expenditure be made or liability be incurred in any such year, for any such work, improvement, repairs, or for any purpose, exceeding the appropriation so made therefor; nor shall any expenditure be made, or money paid out of any general or special fund, for any purpose, unless appropriated for that purpose in said bill.

•

LIMIT OF IMPROVEMENTS.

SEC. 14. No work or improvement to be paid for by special assessment costing more than three thousand dollars, shall be ordered commenced or contracted for, nor shall any assessment be levied therefor in any year, unless the intention to make such improvement or expenditure and to defray the costs thereof by special assessment, was set forth in the last preceding annual appropriation bill: *Provided, however,* That this section shall not apply to any public improvement ordered by the council upon a petition of the owners of a majority of the lands liable to be assessed for the improvement, or when the question of the proposed improvement and manner of payment has been submitted to the electors at any election and duly ratified by said electors.

IMPROVEMENT NOT TO BE COMMENCED UNTIL TAX IS LEVIED.

SEC. 15. No public work, improvement or expenditure shall be commenced, nor any contract therefor be let or made, except as herein otherwise provided, until a tax or assessment shall have been levied to pay the cost and expenses thereof, and no such work or improvement shall be paid for, except from the proceeds of the tax or assessment thus levied, or from the proceeds of bonds issued in anticipation of the collection of said tax.

COUNCIL MAY RAISE PART BY TAX AND PART BY LOAN.

SEC. 16. Instead of levying a tax for the whole amount authorized by this act to be raised in that manner in any year, for the purpose of the general or special funds, the council may, in its discretion, raise a part thereof by tax and a part thereof by loan: *Provided,* That the aggregate amount of taxes and loans so raised and made, shall not exceed the amount for which a tax might be levied for the same year.

COUNCIL MAY MAKE LOANS IN CERTAIN CASES.

SEC. 17. The council shall also have authority to raise moneys by loan in anticipation of the receipts from special assessments for the purpose of defraying the costs of the improvement for which the assessment was levied. Such loan shall not exceed the amount of the assessment for the completion of the whole work.

LIMIT MAY BE INCREASED WHEN.

SEC. 18. Should any greater amount be required in any ~~year~~ for the purpose of erecting public buildings, or for purchase of grounds therefor, or for other public im-

provements or purposes, to be paid from the general funds of the city, than can be raised by the council under the foregoing provisions of this chapter, such amount may be raised by tax or loan, or partly by tax and partly by loan, if authorized by two-thirds of the electors voting upon the question at an annual city election or special election called for that purpose. The amount that may be voted or raised in any year under the provisions of this section, shall not exceed two per cent of the assessed valuation of the property in the city as shown by the last preceding tax rolls made therein.

HOW PROPOSITION SUBMITTED.

SEC. 19. The proposition to raise such additional amount shall be submitted to a vote of the electors by an ordinance or resolution of the council, distinctly stating the purpose of the proposed expenditure, the amount proposed to be raised therefor, and whether by tax or loan. Such ordinance or resolution shall be passed, and published in one or more newspapers of the city, copies of which shall be posted in five of the most public places in each ward of the city, at least two weeks before the election at which the vote is to be taken. Such vote shall be by ballot.

MONEYS TO BE APPLIED TO PURPOSE FOR WHICH RAISED.

SEC. 20. All moneys and taxes raised, loaned or appropriated for the purposes of any particular fund, shall be paid in and credited to the purposes for which moneys were raised and received, and to none other; nor shall the moneys belonging to one fund be transferred to any other fund, or be applied to any purpose for which such other fund is constituted, except when there shall be a surplus in any general fund on the first day of September or at the close of any fiscal year. In such case the surplus fund may be transferred to the sinking fund, should there be a deficiency in that fund, otherwise the council may apply such surplus as they shall deem proper. Moneys not received or appropriated for any particular fund shall be credited to the contingent fund.

HOW MONEYS SHALL BE DRAWN FROM TREASURY.

SEC. 21. No moneys shall be drawn from the treasury, except in pursuance of the authority and appropriation of the council and upon the warrant of the clerk countersigned by the mayor. Such warrant shall specify the fund from which it is payable and shall be paid from no other fund.

FUNDS NOT TO BE OVERDRAWN.

SEC. 22. No warrant shall be drawn upon the treasurer, after the fund from which it should be paid has been exhausted; nor when the liabilities outstanding, and previously incurred and payable from such fund, are sufficient to exhaust it. Any warrant, draft or contract, payable by the provisions of this act from any particular fund, excepting bonds given for loans herein authorized and issued or made after such fund has been exhausted by previous payments or by previous liabilities payable from such fund shall be void as against the city.

LIMIT OF LOANS; HOW EXTENDED.

SEC. 23. No loans shall be made by the council, or by its authority, in any year exceeding the amounts prescribed in this act. For any loans lawfully made, the bonds of the city may be issued, bearing a legal rate of interest not exceeding six per cent per annum. A record showing the dates, numbers and amounts of all bonds issued, and when due, shall be kept by the clerk. When deemed necessary by the council to extend the time of payment, new bonds may be issued in place of former bonds falling due, in such manner as merely to change, but not to increase the indebtedness of the city. Each bond shall show upon its face what class of indebtedness it belongs to, and from what fund it is payable: *Provided, however,* That the time of payment of such bonds shall not be extended unless two-thirds of the aldermen elect vote therefor.

ANNUAL FINANCIAL STATEMENT.

SEC. 24. Immediately upon the close of the fiscal year the council shall audit and settle the accounts of the city treasurer and other officers of the city, and the accounts also, as far as practicable, of all persons having claims against the city, or accounts with it not previously audited; and shall make out a statement in detail of the receipts and expenditures of the corporation during the preceding year, which statement shall distinctly show the amount of the taxes raised during the preceding year for all purposes, and the amount raised for each fund, the amount levied by special assessments and the amounts collected on each; and the amount of money borrowed, and upon what time and terms, and for what purpose; also the items and amounts received from all other sources during the year, and the objects thereof, classifying the expenditures for each purpose separately. Said statement shall also show the amount and items of all indebtedness outstanding against the city, and to whom payable, and with what rate of interest; the amount of salary or compensation paid or payable to each officer of

the city for the year, and such other information as shall be necessary to a full understanding of all the financial concerns of the city.

STATEMENT; WHERE FILED.

SEC. 25. Said statement, signed by the mayor and city clerk, shall be filed in the office of the city clerk, and a copy thereof published in one or more of the newspapers of the city.

PENALTY FOR MISAPPROPRIATING FUNDS.

SEC. 26. If any officer of the corporation shall, directly or indirectly, appropriate or convert any of the moneys, securities, evidences of value, or any property whatsoever, belonging to the city or any board thereof, to his own use, or shall directly or indirectly and knowingly, appropriate or convert the same to any other purpose than that for which such securities, evidences of value or property may have been appropriated, raised or received, or to any purpose not authorized by law, he shall be deemed guilty of wilful and corrupt malfeasance in office, and may be prosecuted, tried and convicted therefor, and, on conviction, may be punished by fine not exceeding one thousand dollars, or by imprisonment in the State prison for a period not exceeding three years, or both such fine and imprisonment, in the discretion of the court.

BONDS; WHEN PAYABLE. PENALTY FOR ALTERING.

SEC. 27. Every bond issued by the city shall be made payable within thirty years from the date of issue, and shall contain on its face a statement specifying the object for which the same is issued, and if issued for the purpose of raising money for any public improvement, the particular public improvement shall also be specified on the face of such bond, and it shall be unlawful for any officer of the city to sign or issue any such bond without such matters are set forth on the face of the same as aforesaid, or to use such bonds or the proceeds from the sale thereof, for any other object than that mentioned on the face of such bond, and any such officer who shall violate any of the provisions of this section shall be deemed guilty of a misdemeanor and shall, upon conviction thereof, be punished by a fine not exceeding one thousand dollars, or by imprisonment in the county jail for a period not exceeding one year, or by both such fine and imprisonment in the discretion of the court.

MAY BOND TO PAVE INTERSECTIONS.

SEC. 28. The council shall have power to borrow money and issue the bonds of the city therefor to provide funds to defray the costs and expenses of paving the spaces or open squares caused by the intersection of any streets and the cost and expense of paving in front of any property belonging to said city, and the money or funds so borrowed upon the bonds so issued shall be credited to the general funds of said city. Such bonds shall be made payable at such time or times as the common council shall direct and provided in said bonds, and the funds to pay the same shall be raised by general taxation upon all of the property of said city: *Provided, however,* That such bonds shall be issued and sold only when the street or streets for which the funds to be raised are to be applied shall be paved under the general powers of said city relating to paving: And *Provided further,* That the power contained in this section shall not be affected by any limitation contained in this act upon the amount of money to be raised by taxation in said city in any one year: *Provided further,* That the money borrowed on bonds issued provided for in this section shall not exceed in any one year the sum of five thousand dollars.

CHAPTER XXVI.

ASSESSMENT AND COLLECTION OF TAXES.

SUPERVISORS TO ASSESS.

SECTION 1. The supervisors of the city shall, in each year, make and complete an assessment of all the real and personal property within their respective supervisor districts liable to taxation under the laws of the State, and of all the property of any person liable to be assessed therein, in the same manner, and within the same time as required by law for the assessment of property in the townships of the State, and in so doing they shall conform to the provisions of law governing the action of supervisors of townships performing like services, and in all other respects within their respective supervisor districts, they shall, unless otherwise in this act provided, conform to the provisions of law applicable to the action and duties of supervisors in townships, in the assessment of property, the levying of taxes, and in the issuing of warrants for the collection and return thereof; such assessment shall be made in two separate rolls, one for the city taxes and special assessments to be known as the "city or July roll," the other for State, county and school taxes, to be known as the "December tax roll," and in the making of such assessments and in the levying of taxes such city shall be

treated as a whole or as one assessment district as townships are treated under the general tax laws of the State.

PROPERTY OF PERSONS CLAIMING RESIDENCE ELSEWHERE.

SEC. 2. If any person residing in the city a part of the time during the year shall, in the opinion of any supervisor, unjustly or falsely claim exemption from taxation therein on the ground that he or she has a residence, and is taxed or liable to taxation elsewhere than in said city, the supervisor shall, notwithstanding, assess such person for such amount of personal property as in his opinion shall be just, and such assessment shall be conclusive as to the liability of such person to be assessed and to pay the tax levied in pursuance thereof, unless such person shall present to the treasurer, or officer requiring payment of such tax, a receipt duly signed and authenticated by the affidavit of some other collector of taxes, and also by the affidavit of the person charged with the tax, showing that such person has paid a tax upon all of the same property for the same year to such other collector or receiver of taxes.

PERSONAL PROPERTY; WHERE ASSESSED.

SEC. 3. All personal property found in any ward may be assessed therein, whether the owner thereof resides in such ward or elsewhere. If there shall be any doubt as to the ward in which any person shall be assessed for personal property belonging to such person, the board of review hereinafter mentioned may direct as to the ward in which the assessment shall be made, and any assessment so made shall be conclusive as to the liability of such person to be assessed in such ward for such property.

SUPERVISORS TO CONFER WITH EACH OTHER.

SEC. 4. For the purpose of assessing all property equally in the whole city, the supervisors shall meet and confer together from time to time, while making their assessments, and equalize their valuation in such manner as may be just.

BOARD OF REVIEW; WHO TO BE, AND DUTIES OF.

SEC. 5. The supervisors of the several supervisor districts, the two members of the board of review provided for in section one of chapter three of this act, and city attorney shall constitute a board of equalization and review of the general assessment rolls of the several supervisor districts of the city, a majority of whom shall constitute a quorum for the transaction of business, but a less number may adjourn from day to day. They shall have power, and it shall be their duty, to examine said assessment rolls, and they shall have

authority to and shall correct any errors or deficiencies found therein, either as to the names, valuations or descriptions; and on their own motion, or on cause shown, may reduce or increase the valuation of any property found on said rolls, and shall add thereto any taxable property in the city that may have been omitted, and shall value the same; and to strike from said rolls any property wrongfully thereon, and generally to perfect said rolls in any respect by said board deemed necessary and proper, for which services, such members of said board shall receive two dollars per day while actually employed. If, on examination, they shall deem the valuation of the several wards to be relatively unequal, they shall equalize the same by adding to or deducting from the total valuation of the taxable property in any ward such an amount as, in their judgment, will produce relatively an equal and uniform valuation of the real estate in the city; and the amount added to or deducted from the total valuation of such ward or assessment district shall be so stated in the certificate attached to the assessment roll of such ward; and all taxes for State, county, school, general city and sewer purposes shall be apportioned according to said equalization, in manner hereinbefore provided, and the said equalization shall not be changed with regard to the relative valuation of the several wards or supervisor districts of the city, and the board of supervisors of the county shall equalize the city as a unit the same as a township is equalized, and any amount added to or deducted from the total valuation of the city as a unit, shall be apportioned by the clerk of the board of supervisors among the several supervisor districts, according to the equalized valuation of the real property in each supervisor district as fixed by the board of review.

MEETING OF BOARD OF REVIEW.

SEC. 6. The board of review shall meet on the third Monday in May in each year, at the council room, at nine o'clock in the forenoon, of which time and place notice shall be given by the city clerk at least two weeks prior to the time of meeting, by publishing a notice thereof in one or more of the newspapers of the city, or by posting the same in three public places in each ward of the city, at which time and place the supervisors shall submit to said board their respective general assessment rolls. They shall select one of their number as chairman, and one as secretary, and shall continue in session at least four days successively, and as much longer as may be necessary to complete the review, and at least six hours in each day, during said four days or more; and any persons desiring to do so, may examine his, her or their assessment on said rolls, and may show cause, if any exists, why the valuation thereof should be changed, and the said board shall decide the same, and their decision shall be final. They may examine on oath any person touch-

ing the matter of his or her assessment, and the chairman or any member of the board may administer oaths. They shall keep a record of their proceedings, and all changes made in said rolls, and the amount added or deducted from the total valuation in each supervisor district shall be entered upon such record, which record shall be deposited with the city clerk. The decision of a majority of said members upon all questions shall govern. The rolls as prepared by the supervisors shall stand as approved and adopted as the act of the board of review, except as changed as herein provided. Said board shall have the same power and perform the same duties in all respects as boards of review of townships, in reviewing and correcting assessments made by supervisors of townships, except as in this act otherwise provided. After said board of review shall have completed the revision of said rolls, they shall indorse and sign a statement upon each roll, to the effect that the same is the general assessment roll of the supervisor district to which it applies for the year in which it has been prepared, as approved by the board of review. Such statement may be in the following form, viz.:

Board of Review.

Upon the completion of such rolls, and their indorsement in manner aforesaid, they shall be returned to the several supervisors, and shall be conclusively presumed by all courts and tribunals to be valid, and shall not be set aside except for causes mentioned in the general laws of the State, relating to the assessment of property and the levy and collection of taxes thereon. The omission of such indorsement, however, shall not affect the validity of any such roll.

CLERK TO REPORT TAXES TO COUNTY CLERK.

SEC. 7. On or before the first Monday of October of each year, the city clerk shall certify to the county clerk all sums for city purposes that have not been paid upon the July rolls, and for school, library and schoolhouse purposes, by general taxation upon all the taxable property of the whole city.

BOARD OF SUPERVISORS TO APPORTION.

SEC. 8. The board of supervisors shall apportion the amounts to be raised as mentioned in the preceding section among the supervisor districts of the city, according to the equalized valuation of the property appearing upon the certificate of the several assessment rolls of the city for such year, as finally equalized by the board of supervisors, and the clerk of said board shall certify to the supervisor of each supervisor district for assessment therein, the amount so apportioned for school, library and schoolhouse purposes in a separate sum, within five days after the board of supervisors of the county shall have completed the equalization of the valuation of the property in the county for the year. On or before the first Monday of June in each year the city clerk shall certify to the supervisors of each supervisor district, for the assessment therein, all amounts which the council require to be assessed or reassessed in any main or special sewer district, or other special assessment district, or upon any parcel of land, or against any particular person as a special assessment or otherwise within his district, together with a designation of the district, or description of the land or person upon whom or within which the several sums are to be assessed or reassessed, with such further descriptions and directions as will enable such supervisor to assess the several amounts upon the property and person chargeable therewith.

SUPERVISOR TO LEVY IN ROLL.

SEC. 10. Each supervisor shall levy in the July roll upon all taxable property in the supervisor district, the amounts certified to him by the city clerk to be raised for city taxes, and special assessments, and he shall, at the time fixed in the general tax law, levy in the December roll, all sums to be raised for school, library and schoolhouse purposes, and all such taxes as were not paid on the fifteenth day of November next following the levy of such city taxes, and

special assessments, together with interest thereon, from July first to December first, at one per cent per month, placing said interest in a separate column headed "Interest and Penalty Tax" and said penalty shall thereafter be treated in all respects as an item of taxes. Such item of taxes, and each special assessment, shall be entered in a separate column in such rolls, and the total taxes shall be entered in the last column of said rolls.

SUPERVISOR TO REPORT AMOUNTS LEVIED TO CITY CLERK.

SEC. 11. Each supervisor upon completing his roll shall certify to the city clerk the amounts of taxes levied in the roll for State and county purposes, and for city and school taxes, special assessments and other purposes, and the clerk shall charge the said amounts to the city treasurer. The city treasurer shall give bond to the county treasurer in the same manner as township treasurers are required to do; and thereupon, and on or before the first Monday in December, and in case the roll be the July roll, such roll shall be delivered to the city treasurer on or before the first day of July; each supervisor shall deliver a certified copy of the December roll, with the taxes extended therein as aforesaid, to the city treasurer, with his warrant for the collection of taxes therein, annexed thereto.

WARRANTS; WHAT TO INCLUDE.

If the roll be the July roll, the warrant annexed thereto shall command the city treasurer to collect from the several persons named in said roll the several sums named in the last column thereof opposite their respective names, and to pay over and account for all moneys collected and specified in the roll as in said warrant directed, on or before the fifteenth day of September next following. If the roll be the December roll, the warrant annexed thereto shall command the city treasurer to collect from the several persons named in the said roll the several sums named in the last column thereof opposite their respective names, and to pay over and account for all moneys collected and specified in the roll as in said warrant directed, on the first day of March then next ensuing; and the several warrants shall authorize the treasurer, in case any person shall neglect to pay his tax, to levy the same by distress and sale of the goods and chattels of such person.

TAXES TO BE A LIEN UNTIL PAID.

SEC. 13. All taxes levied in any tax roll of the city shall be and remain a lien upon the lands upon which they are levied until paid.

NOTICE AND FEES OF TREASURER.

SEC. 14. Upon receiving the several tax rolls as above provided, the city treasurer shall give notice immediately to the taxpayers of the city that such rolls have been delivered to him and that the taxes therein levied can be paid to him at his office at any time before the tenth day of January then next ensuing, if the roll be the December roll, and if the roll be the July roll, on or before the tenth day of August, with one per cent charge for collection; but that four per cent collection fee shall be charged and collected upon all taxes remaining unpaid on said tenth day of January or tenth day of August, as the case may be. Said notice shall be given by publishing the same twice in one or more of the newspapers of the city, or by posting copies thereof in three public places in each ward of the city; and it shall be the duty of the treasurer to be at his office at such times previous to the said tenth day of January and tenth day of August, as the council shall direct, and there receive payment of such taxes as may be offered to him. He shall collect one per cent fees upon any taxes paid to him before the said tenth day of January or said tenth day of August, but after those dates he may collect both the tax and four per cent collection fee.

MANNER OF COLLECTING TAXES.

SEC. 15. For the collection of all taxes remaining unpaid on the general roll on the tenth day of January, and on the July roll on the tenth day of August, the city treasurer shall proceed in the same manner as township treasurers are required by law to do for the collection of taxes in townships, and shall for that purpose have all the powers and authority conferred by law upon township treasurers for such purposes, and shall, when necessary, enforce the payment of the tax against any person by distress and sale of his goods and chattels, if any such can be found anywhere within the county, or any county adjoining thereto, and from which no property shall be exempt.

NEW WARRANTS. SUITS.

SEC. 16. The county treasurer may issue new warrants to the city treasurer for the collection of taxes in the same manner and in the same cases, and with the same effect, as such new warrant may be issued to township treasurers. The city treasurer may, and it shall be his duty to proceed by suit in the name of the city, for the collection of unpaid taxes in the same cases, and under like circumstances in which the township treasurers are authorized to proceed in that manner, and all the provisions of law applicable to suits and evidence therein brought by township treasurers

in the name of their township for such purpose, shall be applied to suits brought by the city treasurer as aforesaid.

SUPERVISOR DISTRICTS TO BE CONSIDERED SAME AS TOWNSHIP.

SECTION 1. The council may establish, construct and maintain sewers and drains wherever and whenever necessary, and of such dimensions and materials and under such regulations as they may deem proper for the drainage of the city; and private property, or the use thereof, may be taken therefor in the manner prescribed in this act for taking such property for public use. But in all cases where the council shall deem it practicable such drains and sewers shall be constructed in the public streets and grounds. SEC. 4. Such plan shall, in the discretion of the council, be formed with a view to the division of the city into main sewer districts, each to include one or more main or principal sewers, with the necessary branches and connections, the districts to be numbered and so arranged as to be as nearly independent of each other as may be. Plats or diagrams of

Plats, filing of.

such plans, when completed, and adopted by the council shall be filed in the office of the city clerk.

SEC. 5. Main sewer districts may be subdivided into special sewer districts in such manner that each special district shall include one or more lateral or branch sewers connecting with a main sewer, and such lands as in the opinion of the board, subject to the approval of the council, will be benefited by the construction thereof. When deemed necessary, special sewer districts, to include one or more local or branch sewers, and such lands as in the opinion of the council, will be benefited by the construction thereof, may be formed of territory not included in any main sewer district.

SEC. 6. The council may, however, provide for main or trunk sewers without reference to sewer districts and prepare diagrams, or plats thereof, or cause diagrams or plats to be prepared, which, when approved by the council, shall be recorded in the office of the clerk, in the book of sewer records.

SEC. 7. The costs and expense of establishing and making any drain or trunk sewers, constructed without reference to sewer districts, shall be paid from the general fund, excepting such portion or portions thereof as the council shall deem to be of benefit to adjacent private property, which property shall be described and the benefits thereto determined, assessed and taxed in the same manner as hereinafter provided. Such part as the council shall determine, being not less than one-sixth of the cost and expense of any main district sewer, or of the cost of any lateral, branch or local sewer constructed within a special sewer district, shall be paid from the general sewer fund, and the remainder of such costs and expenses shall be defrayed by special assessment upon the taxable lands and premises included within the main or special sewer district, as the case may be, in proportion to the estimated benefits accruing to each parcel respectively from the construction of the sewer. Assessments according to benefits, as aforesaid, shall be made without reference to any improvements or buildings upon the lands.

SEC. 8. Before proceeding to the construction of any district sewer the council shall prepare, or cause to be prepared, a diagram and plat of the whole sewer district, showing all the streets, public grounds, lands, lots, and subdivisions thereof in the district, and the proposed route and location of the sewer, and the depth, grade and dimensions thereof, and shall procure an estimate of the cost thereof, and thereupon the council shall give notice, by publication, for at least two weeks, in one or more of the newspapers of the city, of the intention to construct such sewer, and where said diagram and plat may be found for examination and of the time when the council will meet and consider any suggestions and objections that may be made by parties interested with respect to such sewer.

Determination, how declared.	SEC. 9. When the council shall determine to construct any such district sewer, they shall so declare by resolution designating the district and describing by reference to the plat and diagram thereof, mentioned in the preceding section, and route and location, grade and dimensions of the sewer, and shall determine in the same resolution what part of the estimated expenses of the sewer shall be paid from the general sewer fund, and what part shall be defrayed by special assessment according to benefits; and they shall cause such plat and diagram, as adopted, to be recorded in the office of the city clerk, in the book of sewer records.
Where recorded.	
Special assessments, how made.	SEC. 10. Special assessments for the construction of sewers shall be made by the board of special assessors in the manner provided in this act for making special assessments.
When owner may petition for sewer.	SEC. 11. When the owner of a majority of the lands liable to taxation in any sewer district or part of the city which may be constituted a sewer district, shall petition for the construction of a sewer therein, the council shall construct a district sewer in such location, and if the lands included in the line of such proposed sewer are not within any sewer district, a district shall be formed for that purpose. In other cases sewers shall be constructed in the discretion of the council.
Private drains.	SEC. 12. Whenever the council shall deem it necessary for the public health, they may require the owners and occupants of lots and premises to construct private drains therefrom to connect with some public sewer or drain, and thereby to drain such lots and premises; and to keep such private drains in repair and free from obstruction and nuisance, and if such private drains are not constructed and maintained according to such requirement, the council may cause the work to be done at the expense of such owner or occupant, and the amount of such expense shall be a lien upon the premises drained, and may be collected by special assessment to be levied thereon in the manner hereinafter provided for the levying and collecting of special assessments.
When expense lien on premises.	
Right to connect.	SEC. 13. The owners or occupants of lots and premises shall have the right to connect the same at their own expense by means of private drains, with the public sewers and drains, under such rules and regulations as the common council shall prescribe.
Amount may charge for connection.	SEC. 14. The council may charge and collect annually from persons whose premises are connected by private drains with the public sewers, such reasonable sum, not exceeding two dollars per year, as they may deem just, in proportion to the amount of drainage through such private drain, and such charge shall be a lien upon the premises, and may be collected by special assessment thereon, or otherwise.
Ditches and water courses.	SEC. 15. Such part of the expenses of providing ditches and improving water courses as the council shall determine,

may be defrayed by a special assessment upon the lands and premises benefited thereby, in proportion to such benefits.

SEC. 18. If the council shall have determined to construct any main sewer in any main sewer district, or any main or trunk sewer, without reference to any sewer district, and if it shall be necessary for the city to borrow money for the payment of the amount determined by the council to be paid from the general sewer fund toward the construction of such sewer in such main sewer district, or for the payment of a trunk sewer to be constructed without reference to a sewer district, then before any further proceedings are had looking towards the construction of such sewer, the council shall cause to be made and recorded in their proceedings an estimate of the amount necessary to be borrowed for such purpose and the question of borrowing such amount shall be submitted to the electors of the city at its next annual election or at a special election called for that purpose by the council as provided in this act, and shall be determined as a majority of the electors voting at such election by ballot shall decide; and if a majority of such electors shall vote for the borrowing of such amount of money, then it shall be lawful for the city to borrow such sum of money not exceeding in all three per cent of the assessed value of the property in such city as shown by the last preceding tax roll, to be used exclusively for that purpose. The council shall have power to fix the time and place of the payment of the principal and interest of the debt contracted under the provisions of this section, and to issue the bonds of the city therefor, but the rate of such interest shall not exceed six per cent per annum, and such bonds shall not be sold for less than their par value.

The city shall not be responsible for the care, improvement or repair of any street or alley laid out or dedicated to public use by the proprietors of any lands which had not been actually accepted, worked and used by the public as a street or alley before the incorporation of the city under this act, nor for the improvement and repair of any street or alley laid out or dedicated by any such proprietor after such incorporation, unless the dedication shall have been accepted and confirmed by the council by any ordinance or resolution specially passed for that purpose.
When city responsible for care, etc., of street.	SEC. 2. The council shall have authority to lay out, open, widen, extend, straighten, alter, close, vacate or abolish any highway, street or alley in the city, whenever they shall deem the same a public improvement; and if in so doing it shall be necessary to take or use private property, the same may be taken in the manner in this act provided for taking private property for public use. The expense of such improvement may be paid by special assessments upon the property adjacent to or benefited by such improvement, in the manner in this act provided for levying and collecting special assessments; or in the discretion of the council, a portion of such costs and expenses may be paid by special assessments as aforesaid, and the balance from the general street fund.

When the council shall deem it advisable to vacate, discontinue or abolish any street, alley or public ground, or any part thereof, they shall by resolution so declare, and in the same resolution shall appoint a time, not less than four weeks thereafter, when they will meet and hear objections thereto; notice of such meeting with a copy of said resolution shall be published for not less than four weeks before the time appointed for such meeting, in one of the newspapers of the city. Objections to such proposed action of the council may be filed with the city clerk in writing, and if any such shall be filed, the street, alley or public ground, or any part thereof, shall not be vacated or discontinued, except by a concurring vote of two-thirds of the aldermen elect.

Every resolution or ordinance discontinuing or vacating any street, alley or public ground, shall also be recorded in said book of street records; and the record shall be prima facie evidence of all the matters therein set forth.

SEC. 5. The council shall have authority to determine and establish the grades of all streets, avenues, alleys and public grounds within the city, and to require improvements and buildings adjacent to or abutting upon such streets, alleys or grounds to be made and constructed in conformity with such grade and upon such line as shall be prescribed by the council; and the council may change or alter the grade of any street, alley or public ground, or of any part thereof whenever in their opinion the public convenience will be promoted thereby. Whenever a grade shall be established or altered, a record and diagram thereof shall be made in the book of street records in the office of the city clerk.

SEC. 6. Whenever any street, alley or public highway shall have been graded, or pavement shall have been constructed in conformity to grades established by authority of the city, and the expense thereof shall have been assessed upon lots or lands bounded by or abutting upon such street, alley or public highway, the owner or owners of such lots or lands shall not be subject to any special assessment occasioned by any subsequent change of grade in such pavement, street, alley or public highway, unless such change be asked for by a majority of the owners of such lots or lands; but the expense of all improvements occasioned by such change of grade shall be chargeable to and paid by the city.

SEC. 7. Whenever the grade of any street or sidewalk shall have been heretofore, or shall hereafter be established, and improvements shall thereafter be made by the owner or occupant of the adjacent property in conformity to such grade, such grade shall not be changed without compensation to the owner for all damages to such property resulting therefrom, to be ascertained by a jury as provided in chapter twenty-two of this act, or said damages may be ascertained and agreed upon by and between such city and the owner or occupant of such premises. Whenever such damage shall be ascertained or agreed upon as heretofore provided, such damages, or such part thereof as the council shall deem equitable and just, shall be paid by the city; or the council may cause such damages, or such part thereof as may be just and proper, to be assessed upon such real estate as may be benefited by reason of the change of such grade, and whenever the council shall determine to assess such damages, or any part thereof,

The assessment shall be made, and the amount levied and collected in the same manner as other assessments on a district deemed to be benefited in the grading and improvement of streets, as provided for in this act; and all of the provisions of chapter twenty-one of this act relative to special assessments and the collection thereof, shall apply thereto. Sec. 8. The council shall have power to grade, pave, plank, gravel, curb and to otherwise improve and repair the highways, streets, avenues, lanes and alleys of the city, and for that purpose and for defraying the expenses thereof, may divide the city into street districts. The term "paving" shall be deemed to include the construction of crosswalks, gutters and curbing. Whenever any paving has been ordered upon any street or public highway in the city, it shall be the duty of any person owning any lot or lots, lands or premises adjoining to, or abutting upon such street, before the same shall be paved, to put in and lay all such sewer, water and gas connections in front of their lands and premises, and carry the same from the pipe in such street to and beyond the curb line of such proposed pavement as the council shall determine to be necessary for the preservation of such proposed paving, when the same shall be laid down, and such connection shall be laid, made, and put in in the manner and at the time or times as shall be directed by the council. In case the owner of such lot or lots, land or premises shall neglect or refuse to make, lay or put in such connections at the time or in the manner prescribed by the council, then the council shall cause the same to be made, laid and put in, and the respective owners of such lots, lands or premises shall be liable for the cost thereof, together with ten per cent in addition thereto as a penalty to be recovered by the city in an action of debt or assumpsit, or the costs together with the amount of such penalty for which such persons shall be respectively liable, the council shall cause to be reported to the board of special assessors, to be levied and assessed by them as a special tax or assessment upon such lot or lots, lands

SEC. 9. Such part of the expenses of improving any street, lane or alley, by grading, paving, planking, graveling, curbing or otherwise, and of repairing the same as the council shall determine, may be paid from the general fund or from the street district fund of the proper street district, or in part from each; or the whole or such part of the expense of such improvement as the council shall determine, made be defrayed by special assessments upon lots and premises included in a special assessment district to be constituted of the lands fronting upon that part of the street or alley so improved or proposed so to be, or constituted of lands fronting upon such improvement and such other lands as, in the opinion of the council, may be benefited by the improvement.

SEC. 10. When expenses for any such improvement or repairs shall be assessed in a special assessment district, and there shall be lands belonging to the city, school buildings, or other public buildings, or public grounds not taxable, fronting upon such improvement as, in the opinion of the council or board of assessors making a special assessment, would be justly apportionable to such public ground, buildings and city property and to any interior squares or spaces formed by the intersection of streets, were they taxable, such expense shall be paid from the general street fund, or from the proper street district fund, or partly from each as the council shall determine to be just, and the balance of such expenses shall be assessed upon the taxable lots and premises included in the special assessment district in proportion to their number of feet frontage upon such improvement; or, if the special assessment district shall include other lands not fronting upon the improvement, then upon all the lands included in such special assessment district, in proportion to the estimated benefits resulting thereto from the improvement. When such assessment is to be made upon lots in proportion to their frontage upon the improvement, if from the shape or size of any lot an assessment thereon in proportion to its frontage would be unjust and disproportionate to the assessments upon other lots, the council or board of assessors making the assessment may assess such lot for such number of feet frontage as in their opinion will be just.

There shall be a board of special assessors in said city, consisting of the supervisor and two other members, who shall be freeholders and electors in the city, to be appointed by the council. Their compensation shall be prescribed by the council. Special assessments authorized by this act shall be made by such board. If a member of the board shall be interested in any special assessment directed by the council, the council shall appoint some other person to act in his stead in making the assessment, who for the purposes of that assessment shall be a member of the board.

Improvement,

resolution.

SEC. 3. When the council shall determine to make any public improvement or repairs, and defray the whole or any part of the cost and expenses thereof by special assessment, they shall so declare by resolution, stating the improvement, and what part or proportion of the expenses thereof shall

be paid by special assessment, and what part, if any, shall be appropriated from the general funds of the city, or from street district funds, and shall designate the district or lands and premises upon which the special assessment shall be levied.

SEC. 4. Before ordering any public improvements or repairs any part of the expense of which is to be defrayed by special assessment, the council shall cause estimates of the expense thereof to be made, and also plats and diagrams, when practicable, of the work and of the locality to be improved and deposit the same with the city clerk for public examination, and it shall give notice thereof and of the proposed improvement or work, and of the district to be assessed, by publication for two weeks at least in one of the newspapers of the city, and of the time when the council will meet and consider any suggestions or objections thereto. Unless a majority of the persons to be assessed shall petition therefor no such improvement or work shall be ordered, except by the concurrence of two-thirds of the aldermen elect.

SEC. 5. The cost and expenses of any improvement which may be defrayed by special assessment shall include the costs of surveys, plans, assessments and costs of construction. In no case shall the whole amount to be levied by special assessment upon any lot or premises for any one improvement exceed fifty per cent. of the value of such lot or land, as valued and assessed for State and county taxation in the last preceding tax roll; any cost exceeding that per cent. which would otherwise be chargeable on such lot or premises, shall be paid from the general funds of the city.

Costs of
improvement,
what to
include.

SEC. 6. Special assessments to defray the estimated cost of any improvement shall be levied before the making of the improvement.

Assessments,
when to be
made.

SEC. 7. When any special assessment is to be made pro rata upon the lots and premises in any special district, according to frontage or benefits, the council shall, by resolution, direct the same to be made by the board of assessors and shall state therein the amount to be assessed and whether according to frontage or benefits, and describe or designate the lots and premises or locality constituting the district to be assessed.

Assessment to
be made by
assessors,
directed by
council.

SEC. 8. Upon receiving such order and directions, the board of assessors shall make out an assessment roll, entering and describing therein all the lots, premises and parcels of land to be assessed, with the names of the persons, if known, chargeable with the assessments thereon, and shall levy thereon and against such persons the amount to be assessed, in the manner directed by the council and the provisions of this act, applicable to the assessment. In all cases where the ownership of any description is unknown to the board of assessors, they shall, in lieu of the name of the owner insert the name "Unknown," and if by mistake or otherwise, any person shall be improperly designated as the owner of any lot, parcel of

land or premises, or if the same shall be assessed without the name of the owner, or in the name of a person other than the owner, such assessment shall not, for any such cause be vitiated, but shall in all respects be as valid upon and against such lot, parcel of land or premises as though assessed in the name of the proper owner, and when the assessment roll shall have been confirmed, be a lien on such lot, parcel of land or premises, and collected as in other cases.

Assessment,
according to
frontage.

SEC. 9. If the assessment is required to be according to frontage, the board of assessors shall assess to each lot or parcel of land such relative portion of the whole amount to be levied as the length of front of such premises abutting upon the improvement bears to the whole frontage of all the lots to be assessed, unless on account of the shape or size of any lot, an assessment for a different number of feet would be more equitable. If the assessment is directed to be according to benefits, they shall assess upon each lot such relative portion of the whole sum to be levied as shall be proportionate to the estimated benefit resulting to such lot from the improvement. When the board shall have completed the assessment they shall report the same to the council; such report, to be signed by at least two of the assessors, may be in the form of a certificate, indorsed on the assessment roll, as follows:

SEC. 14. At the time and place appointed for that purpose as aforesaid, the council and board of assessors shall meet and there or at some adjourned meeting review the assessment and shall hear any objections to any assessment, which may be made by any person deeming himself aggrieved thereby, and the council may correct said roll as to any assessment or description of premises appearing therein and may confirm it as reported, or as corrected or they may refer the assessment back to the board for revision, or annul it and direct a new assessment; in which case the same proceedings shall be had as in respect to the previous assessment. When a special assessment shall be confirmed, the city clerk shall make an endorsement upon the roll showing the date of confirmation.

SEC. 15. When any special assessment shall be confirmed by the council, it shall be final and conclusive.

SEC. 16. All special assessments shall, from the date of the confirmation thereof, constitute a lien upon the respective lots or parcels of land assessed, except as herein otherwise provided, and shall be charged against the person to whom assessed until paid.

Assessment,
division into
installments;
interest.

SEC. 17. Upon the confirmation of any special assessment, the amount thereof may be divided into not more than five installments, one of which shall be collected each year, at such times as the council shall determine with annual interest at a rate not exceeding six per cent per annum, but the whole assessment after confirmation may be paid to the city treasurer at any time in full, with the proportionate interest thereon.

Assessments,

SEC. 18. All special assessments except such installments thereof as the council shall make payable at a future time as provided in the preceding section shall be due and payable upon confirmation.

Special

special rolls
to be made.

SEC. 19. If any special assessment shall be divided into installments, a special assessment roll shall be made for each installment as the same shall become due with the accrued interest upon all unpaid installments and the cost of making

such special assessment roll included and assessed therein. Such special rolls may be made and confirmed without notice to the persons assessed.

SEC. 20. Should any lots or lands be divided after a special assessment thereon has been confirmed and divided into installments, and before the collection of all the installments, the council may require the board of assessors to apportion the uncollected amounts upon the several parts of lots and lands so divided. The report of such apportionment, when confirmed shall be conclusive upon all the parties, and all assessments thereafter made upon such lots or lands shall be according to such division.

SEC. 21. Should any special assessment prove insufficient to pay for the improvement or work for which it was levied and the expenses incident thereto the council may, within the limitations prescribed for such assessments, make an additional pro rata assessment to supply the deficiency, and in case a larger amount shall have been collected than was necessary, the excess shall be refunded ratably to those by whom it was paid.

Special
assessment,
when
insufficient.

SEC. 22. Whenever any special assessment shall, in the opinion of the council, be invalid by reason of irregularity or informality in the proceedings, or if any court of competent jurisdiction shall adjudge such assessment to be illegal, the council shall, whether the improvement has been made or not, or whether any part of the assessments have been paid or not, have power to cause a new assessment to be made for the same purpose for which the former assessment was made. All proceedings on such reassessment and for the collection thereof shall be conducted in the same manner as provided for the original assessment, and whenever any sum or part thereof levied upon any premises in the assessment so set aside has been paid and not refunded, the payment so made shall be applied upon the reassessment on said premises and the reassessment shall to that extent be deemed satisfied.

Special
assessment,
when invalid.

SEC. 23. No judgment or decree nor any act of the council vacating a special assessment shall destroy or impair the lien of the city upon the premises assessed for such amount of the assessment as may be equitably charged against the same, or as by a regular mode of proceeding might have been lawfully assessed thereon.

SEC. 24. Whenever any special assessment shall be confirmed and be payable, the council may direct the city clerk to report to the supervisor a description of such lots and premises as are contained in said roll, with the amount of the assessment levied upon each and the name of the owner or occupant against whom the assessment was made and direct said supervisor to levy the several sums so assessed respectively. Upon receiving said report, the supervisor shall levy the sums therein mentioned upon the respective lots and premises to which they are specially assessed, and against the persons chargeable therewith, as a tax, in the tax roll

SEC. 25. When any special assessment shall be confirmed and be payable as hereinbefore provided, the council, instead of requiring the assessments to be reported to the supervisor, as provided in the preceding section, may direct the assessment so made in the special assessment roll to be collected directly therefrom, and thereupon the city clerk shall attach his warrant to a certified copy of said special assessment roll, therein commanding the city treasurer to collect from each of the persons assessed in said roll the amount of money assessed to and set opposite his name therein, and in case any person named in said roll shall neglect or refuse to pay his assessment upon demand, then to levy and collect the same by distress and sale of goods and chattels of such person and return said roll and warrant, together with his doings thereon within sixty days from the date of such warrant.

If any person shall neglect or refuse to pay his assessment upon demand, the treasurer shall seize and levy upon any personal property found within the city, or elsewhere within the county belonging to such person, and sell the same at public auction, first giving six days' notice of the time and place of such sale, by posting such notices in three of the most public places in the city or township where such property may be found. The proceeds of such sale, or so much thereof as may be necessary for that purpose shall be applied to the payment of the assessment, and a percentage of five per centum upon the amount of the assessment, for the costs and expenses of said seizure and sale, and the surplus, if any, shall be paid to the person entitled thereto.

SEC. 27. The treasurer shall make return of said assessment roll and warrant to the city clerk according to the requirement of the warrant, and if any of the assessments in said roll shall be returned unpaid the treasurer shall attach to his return a statement verified by affidavit, containing a list of the persons delinquent, and a description of the lots and premises upon which the assessments remain unpaid, and the amount unpaid on each.

SEC. 28. Said warrant may be renewed from time to time by the city clerk if the council shall so direct, and for such time as they shall determine and during the time of such renewal the warrant shall have the same force, and the city treasurer shall perform the same duties and make the like returns as above provided. In case any assessment shall be finally returned by the city treasurer unpaid, as aforesaid, the same may be certified to the supervisor in the manner

SEC. 29. At any time after a special assessment has become payable, the same may be collected by suit, in the name of the city, against the person assessed in an action of assumpsit, in any court having jurisdiction of the amount. In every such action a declaration upon the common counts for money paid shall be sufficient. The special assessment roll and a certified order or resolution confirming the same shall be prima facie evidence of the regularity of all the proceedings in making the assessment, and of the right of the city to recover judgment therefor.

SEC. 30. If, in any such action it shall appear that by reason of any irregularities or informalities the assessment has not been properly made against the defendant or upon the lot or premises sought to be charged, the court may, nevertheless, on satisfactory proof that expense has been incurred by the city, which is a proper charge against the defendant or the lot or premises in question, render judgment for the amount properly chargeable against such defendant, or upon such lot or premises.

SEC. 31. All depot grounds and buildings, road-beds, rights-of-way and other premises within the corporate limits of the city, belonging to any railroad operated by steam, electric or other power, or to any railroad corporation, which are necessarily used in the operating of said railroads and the person, company or corporation owning the same shall be liable for all valid unpaid assessments for local or public improvements or repairs hereafter made within the city and assessed against the same, but no lien shall attach thereon on account of such assessments, and the payment of such assessments shall not be enforced and collected by sale of said property. Special assessments of such classes of property shall be made in the same manner as the special assessment of other property under the provisions of this chapter for local or public improvements, and the assessment roll for such local or public improvement taxes shall be the prima facie evidence in any court of the regularity of all proceedings leading up to the assessment and the making of said roll.

CHAPTER XXII.

APPROPRIATION OF PRIVATE PROPERTY.

Purposes may
be appro-

SEC. 2. If it shall become necessary to appropriate private property for the public uses or purposes specified in the preceding section, the right to occupy and hold the same, and the ownership therein and thereto, may be acquired by the city, either in the manner and with like effect as provided by the general laws of this State relating to the taking of private property for public use in cities and villages, or by instituting and prosecuting the proceedings for that purpose as hereinafter set forth.

Proceedings

SEC. 3. Whenever the council shall have declared a public improvement to be necessary in the municipality, and shall have declared that they deem it necessary to take private property describing it, for such public improvement, designating it, and that the improvement is for the use or benefit of the public, they shall, by resolution, direct the city attorney to institute the necessary proceedings in behalf of the municipality, before such justice of the peace of the city as they may designate, to carry out the object of the resolution in regard to taking private property by the city for such public use.

Commence-
ment of suit.

SEC. 4. The city clerk shall make and deliver to such attorney, as soon as may be, a copy of such resolution certified under seal, and it shall be the duty of such attorney to prepare and file with such justice, in the name of the city, a petition signed by him in his official character and duly verified by him; to which petition a certified copy of the reso-

lution of the council shall be annexed, which certified copy shall be prima facie evidence of the action taken by the council, and of the passage of said resolution. The petition shall state, among other things, that it is made and filed as commencement of judicial proceedings by the municipality in pursuance of this act to acquire the right to take private property for the use or benefit of the public, without consent of the owners, for a public improvement, designating it, for a just compensation to be made. A description of the property to be taken shall be given and generally the nature and extent of the use thereof that will be required in making and maintaining the improvement shall be stated, and also the names of the owners and others interested in the property, so far as can be ascertained, including those in possession of the premises. The petition shall also state that the council has declared such public improvement to be necessary and that they deem it necessary to take the private property described, in that behalf for such improvement for the use or benefit of the public. The petition shall ask that a jury be summoned and impaneled to ascertain and determine the just compensation to be made therefor. The petition may state any other pertinent matter or things and may pray for any other or further relief to which the municipality may be entitled within the objects of this title.

Petition, what shall state.

Idem.

SEC. 5. Upon receiving such petition it shall be the duty of the said justice to issue a summons against the respondents named in such petition, stating briefly the object of said petition and commanding them, in the name of the people of the State of Michigan, to appear before said justice at a time and place to be named in said summons, not less than twenty nor more than forty days from the date of the same, and show cause, if any they have, why the prayer of said petition should not be granted.

Summons, issuing of and commanding appearance.

SEC. 6. Said summons shall be served by the sheriff or any constable of the city, at least five days before the return day thereof, upon the respondents found within the county, by exhibiting the original and delivering a copy to each of them. If any respondent who is a resident of the county cannot be found, the summons shall be served by leaving a copy thereof at his or her usual or last place of abode, with some person of suitable age and discretion. If any minor or person of unsound mind is interested in the premises to be taken, service may be made on the guardian of such person, if any, and if there is no guardian, the justice may appoint a discreet and proper person to be guardian ad litem of such person in such proceedings, and such guardian shall have authority to represent such person in said proceedings. The proceedings to appoint such guardian shall be the same as in other cases provided by statute. If it shall appear on the return day of the summons that any respondent cannot be found within the county and has not been served in the manner provided, or is a non-resident and has not voluntarily ap-

Alias and pluries summons may be issued, and the justice may adjourn the proceedings from time to time, as there shall be occasion, and as in other civil cases. Service of such order for appearance in either mode prescribed shall be sufficient notice of the proceedings to bind the respondents and the property represented by them. The return of the officer upon the summons and an affidavit of the due service or the publication of the order for appearance, if any, shall be filed with such justice before a jury shall be impaneled, and be sufficient evidence of service on the respondents and of the manner of service.

SEC. 7. On the return day of the summons, or on some subsequent day to which the proceedings are adjourned, if no sufficient cause to the contrary has been shown, the justice shall make an order that a jury be impaneled in the case. Such jury shall be composed of twelve freeholders of the municipality and shall be selected and impaneled as follows: The sheriff or any constable of such city shall, on the same day, or at an adjourned day, make a list of twenty-four resident freeholders of the city, and the city attorney and the respondents collectively shall each have the right to strike six names from the list of persons written down as aforesaid, and, subject to objection for cause, the twelve persons whose names are left on the list shall compose the jury for the trial of the cause and shall be summoned to attend at not less than three nor more than ten days from the date of selecting such jury, by a venire issued by him and to be served by one of the officers aforesaid. If the respondents neglect or refuse to strike six names from said list, it shall be done by the justice, and in case any of the persons to be summoned cannot by him be found in the county, or being summoned do not attend, or shall be excused for cause or otherwise, talesmen possessing the necessary qualifications may be summoned as jurors in the case by such officer and the practice and proceedings under this chapter, except as herein otherwise provided, relative to impaneling, summoning and excusing jurors and talesmen, and imposing penalties or fines upon them for non-attendance, shall be the same as the

practice and proceedings of justice courts relative to jurors in civil cases in such courts, except that peremptory challenges shall not be allowed.

SEC. 8. The jurors so impaneled shall be sworn or shall affirm in substance as follows: "You do solemnly swear (or affirm) that you will well and truly ascertain and determine whether there is a public necessity for making the proposed improvement and for taking for the use or benefit of the public the private property which the petition describes and prays may be taken, and if you shall determine that it is necessary to make such improvement and to take such property, that then you ascertain, determine and award the just compensation to be made therefor, and faithfully and impartially discharge all other duties as devolve upon you in this case, and unless discharged by the court, a true verdict give, according to the law and evidence, so help you God (or under the pains and penalties of perjury)." The jury shall hear the proofs and allegations of the parties, and shall go to the place of the intended improvement, in the charge of an officer, and, upon or as near as practicable to the property proposed to be taken, and examine the premises. They shall be instructed as to their duties and the law of the case by the justice and shall retire under the charge of an officer and render their verdict in the same manner as on the trial of an ordinary civil case, but the same shall be in writing and be signed by the foreman, or by all jurors.

SEC. 9. The jury shall determine in their verdict the necessity for the proposed improvement and for taking such private property for the use or benefit of the public for the proposed improvement, and in case they find such necessity exists they shall separately award to the owners of such property, and others interested therein, such compensation therefor as they shall deem just. If any such private property shall be subject to a mortgage, lease, agreement or other lien, estate or interest, they shall apportion and award to the parties in interest such portion of the compensation as they shall deem just.

Whenever the amount of such compensation is in the treasury and thus secured to be paid, the council may enter upon and take possession of and use such private property for the purpose for which it was taken, and may remove all buildings, fences and other obstructions therefrom. In case of resistance or refusal on the part of any one to the council or their agents and servants entering upon and taking possession of such private property for the use and purpose for which it was taken, at any time after the amount of the compensation aforesaid is actually in the treasury, ready to be paid to those entitled thereto, the council, by the city attorney, may apply to the court, and shall be entitled, on making a sufficient

After the passage of the annual appropriation bill, no further sums shall be used, raised or appropriated; nor shall any further liability be incurred for any purpose, to be paid from any general fund or street district fund, during the fiscal year for which the appropriation was made, unless the proposition to make the appropriation shall be sanctioned by a two-thirds vote of the electors voting upon the proposition at the next annual city election or at any special election called for that purpose. But this section shall not prohibit the council from making any necessary repairs or expenditures at a cost not exceeding five thousand dollars, the necessity for which is caused by casualty or accident, happening after making the annual appropriation for the year or such necessity arising from an existing, evident and impending danger, and from borrowing the money therefor.

Any person owning an undivided share, or other part or parcel of real property assessed in one description, may pay on the part thus owned by paying an amount having the same relation to the whole tax as the part on which payment is made has to the whole parcel. The person making such payment shall accurately describe the part on which he makes payment, and the receipt given and the record of the treasurer shall show such description and by whom paid. Any person having a lien on property may pay the taxes thereon, and the same may be added to his lien, and recovered with the rate of interest borne by the lien. On the first day of January following the time when any tax shall become due and payable, the treasurer shall add to every such tax six per cent of the amount of the tax and of such addition, as are hereinbefore specified, shall thenceforth be the unpaid tax, and shall bear interest from that day at the rate of ten per cent per annum until paid, except as herein otherwise provided. On or before the fifteenth day of January the treasurer shall add to the tax rolls of the unpaid taxes of each ward an additional column, which shall show the augmented amount of every such tax. Immediately after completing such roll he shall cause a notice to be published in five successive numbers of at least two daily newspapers published in said city, stating that said roll of unpaid taxes has been made and that it will remain in his office, where such taxes may be paid until the first day of February following, after which the property against which such taxes are assessed shall be advertised and sold as hereinafter provided. It shall be the duty of the board of assessors to make copies of said rolls as finally confirmed by the common council, upon which they shall ratably assess the county and State taxes, as provided by the general laws of the State.

SEC. 10. On and after the first day of August in each year, and at any time until the taxes mentioned in this section are paid, it shall be the duty of the city treasurer and the clerks or subordinates in his office, designated by him for that purpose, to collect all unpaid taxes which are assessed against any property or value other than real estate, and if necessary the said treasurer and said clerks or subordinates, under the direction and in the name of the treasurer, shall have power to levy upon and sell at public auction the personal property of any person refusing or neglecting to pay such tax. Six days' notice of any such sale shall be given by the treasurer, by publication in the official newspaper of said city, and any surplus remaining after the payment of said taxes and percentage, and the expense of sale shall be paid over to the owner of such property or other person entitled to receive the same; and the said treasurer shall have power in the name of the city of Detroit to prosecute any person refusing or neglecting to pay such taxes or any special assessment, by a suit in the circuit court for the

county of Wayne, and he shall have, use and take all lawful ways and means provided by law for the collecting of debts, to enforce the payment of any such tax or any special assessment; and the said tax roll shall be prima facie evidence of the indebtedness by such person and the regularity of the proceedings by which such tax or assessment was assessed and levied. All city taxes upon personal property shall be and remain a lien thereon until paid, and no transfer of the personal property assessed shall operate to divest or destroy such lien. All city taxes upon personal property and real estate and special assessment thereon in addition to being a lien upon the property assessed, shall be and remain a debt against the owner of the property or his estate after his death, until the same are paid and such debt shall be unaffected by any statute of limitations. And in all suits against the estate of such owner all persons having knowledge of the non-payment of said taxes shall be permitted to testify before any court or commission having jurisdiction of the matter. No mortgage or conveyance of real estate or contract for the sale of any real estate shall be received or recorded by the register of deeds for the county of Wayne, unless all city taxes or special assessments on the property described in such mortgage, contract or conveyance shall have been paid, nor unless the address of the grantee, mortgagee, or vendee shall be endorsed thereon. It shall be the duty of the city treasurer, upon request, to furnish a certificate that such taxes have been paid, and said certificate shall be filed with said register at the time of the delivery to him of such conveyance, mortgage or contract, for record. Immediately upon the recording of any such conveyance, mortgage, or contract, the register of deeds shall deliver such instrument to the chief clerk of the board of assessors, who shall thereupon note upon the books of said board the change of ownership, with the address of the grantee, mortgagee or vendee therein.

SEC. 11. The owners or occupants, or parties in interest to any real estate assessed under this chapter, shall be liable to pay every such tax or assessment, and if the same shall not be paid by the first day of February following, or any part thereon, it shall be lawful for the city treasurer to cause a notice to be published in the official daily newspaper for the city, once a week for four successive weeks, and posted in three or more public places in each ward, requiring the owners or occupants of, or parties interested in such lands, tenements, hereditaments or premises, to pay such assessment or tax, and that if default be made in making such payment, such real estate shall be sold at public auction, at a day and place to be specified in said notice, for the lowest term of years at which any person shall offer to take the same, in consideration of advancing and paying such assessment or tax, with the additions provided in this act, and the cost and expense of advertising. Appeal to affect only those who appeal.

SEC. 16. Jurors in said proceedings, and all officers who shall render any services in said proceedings, shall be entitled to the same fees which are allowed for like purposes in ordinary cases of opening streets and alleys in said city, commenced in said recorder's court.
